Office Memo

TO : Assistant Deputy (Inspection & Security)

DATE: AUG 8 1951

96

FROM : Assistant Director for Scientific Intelligence.

SUBJECT: New Designation for Project Bluebird

1. At a meeting of the military representatives, [redacted] and myself, the suggestion was made that a new designation be given to this project.

2. I am in agreement with this because:

a. Bluebird was chosen to cover a particular field operation.

b. The word has been in use for quite some time and is known to several persons no longer connected with the project.

3. Will you please designate a new code name as soon as possible.
