“In the Name of Allah, the Beneficent, the Merciful.”

“All praise and thanks are due to the single Rabb, Allah, wa subhana Teala. He is the Rabb, who holds every soul in His hands, the Wise, the Eternal. Peace and blessings be upon the Messenger of Allah.”

“He is the leader of all leaders and the best creature of all time.”

“As we lately can follow in the media there is a discussion going to ban the burqa and some European countries are considering the possibility to actually adopt this ban.”

“This will once again illustrate how the unbelievers, cannot do wrong in their religion of democracy. The wearing of the burqa is an act of worship and is an integral part of our religion, the Islam. Thus would a burqa ban be a nuisance, for a Muslim woman in the living obedience of her religion.”

“So what's your highly acclaimed religious freedom? It is not the first time that the Western nations trample their alleged values when it comes to the fight against Islam. It is solely the Muslims, who get to live in a prison in a lawless zone where they can be detained without trial for years and can be tortured. All this by a state which looks at itself as the world police and the true guardians of justice. “

“We have not forgotten how the Palestinian civilian population, was massacred with banned white phosphorus. Previously, Mrs Merkel gave the Palestinians the sole war guilt and she later stayed silent about the crimes of these monkeys and pigs. In today's society, the unbelievers are trying to suppress the Muslim woman, by her wish to impose on her to take off her veil.”

“Without doubt, the most beautiful part of women in their face and out of love and respect to their Creator, they obeyed the instructions of their master. The veil is for the Muslim woman, a relief and charity, because they thus, can protect themselves against disrespectful glances.”

“The society raises the question of whether the dignity of women must be protected by taking off her veil?”

“However, the best protection that you can be given is precisely this concealment, and it is like their Creator, commands it in the Quran:”

“O Prophet! Tell your wives and daughters and the believing women to cover themselves. As such they are recognized and avoid being molested. Allah is the Forgiving, the Most Gracious. (Al-Ahzab: 59)”

...

“The statement ‘liberation of women,’ points out that the women were enslaved and had to be liberated, and this corresponds absolutely not to the facts. Man is, in general, in any system, subject to certain laws and rules governing his life. Does this mean that man is not independent or free? Free first your limited understanding from these blinders that see women in burqas, as being oppressed.”

“How long will you keep insisting that the Muslim woman is oppressed? In Western countries, women are being abused, prostituted, enslaved and humiliated! The uncovered women are the oppressed because they have no protection against the dirty looks of men.”

“And you dare to say that Muslim women are oppressed? You, who do live in a society that lives by the motto ‘sex sells’ Your whole dirty marketing industry is built on the abuse of female charms. How do you dare to say even a single word about the honorable sisters, mothers and women of the Ummah of the Prophet Muhammad, peace and blessings be upon him, when you are the oppressors?”

“The people who are closest to Ibrahim, are really those who followed him, like this Prophet and those who believed (with him). And Allah is the protector of the faithful. (Ali Imran 68)”

“Allah is the protector of the faithful!”

“Who are so you, who you can not even protect yourself, that you presume you should want to protect the noble Muslim woman.”

“Tells us nothing about our religion!”

“You’re everything polytheists, filthy idols!”

“You do not even recognize who is your Creator!”

“So tell us nothing about our religion!”

“You your faith and we our faith – Allah be praised.”

“Are you still on the endless search for the German mainstream culture? This is evidence and an indictment of the decline of your values. But ye are a people that can not understand - deaf, blind and mute. Allah, the Almighty, the Noble, it is not allowing it you to hear the truth, or to see her and not to ask, because ye are a people who will not understand. Allah, the Most Gracious, the Most Merciful does not guide the wicked people to the right path.”

“The Muslim nation is proud of its women, for the Muslim woman is that which

constitutes this ummah. They are the mothers of the Mujahedeen! They educate the heroes of this nation who will be the leaders of tomorrow!”

“And what are the women of your nation? Nothing! Reduced only to the view of the outside, meaningless cartoon characters, like their fake idols Verona Feldbusch and Jenny Elvers.<sup>1</sup>”

“Can’t you finally understand how ridiculous your world is.”

“The Secretary-General of the Central Council of Muslims in Germany, Aiman Mazyek, said: ‘This is downright cowardly.’”

“If you want to talk about Islam, then go to Muslims and not to the hypocrites of the Central Council of Muslims who have fallen from the faith for a long time and spend just as Muslims. For which religion should these people be representatives, when they themselves have no idea about Islam?”

“How can these hypocrites call the wearing of the burqa as cowardly, when the noble mothers of the believers, the women of the noble Prophet Muhammad, peace and blessings be upon him, covered her whole body, including the face? And these noble women are the best role models for the women of this ummah.”

“They do this because these honorable women are not their mothers but the mothers of the believers!”

“Who is more coward, a woman who stands to her religion and with pride, day by day, she goes out in a hostile world, with the knowledge that they will be viewed with disgust merely because they obeyed their Lord or with a male person wearing a tie, clean-shaven and submissive to the unbelievers. Who loves the Prophet, peace and blessings be upon him, follows his Sunnah and should grow a real beard and does not attempt to imitate the unbeliever, in their clothes and other things.”

“A Muslim woman has values that are so high and valuable that many people in the West, can not understand them. Values, such as fear of their creator, intelligence, care and education. They are, daughters of Allah, the queens of paradise - the backbone of this ummah.”
