

QUESTION:

Mr. Silbert asked whether Hunt continued his ties with Bernard Barker, referring to the fact that he is mentioned as Barker's supervisor in 1961. Barker left the Agency in 1966. Were there any contacts between 1961 and the present?

RESPONSE:

Our records fail to reflect any information indicating that Hunt maintained any official ties with Bernard Barker since 1961. It is understood that Barker acted as godfather to one of Hunt's children, but we have no data as to any personal association which developed subsequent to 1961.
