

15 December 1950

Dear Neil,

Your proposed itinerary for the Punta Gorda trip makes my mouth water but I am afraid that I have to drop out again this year. With the situation as it is, I feel that I should stay pretty close to Washington. Sometimes I ^{believe} feel that the entire world is in a conspiracy to keep me from hunting or fishing.

Thanks anyhow for thinking of me and I hope you have a grand time.

Faithfully,

Bedell

Dear Bedell:

I am enclosing the outline of our Florida trip, and I most sincerely hope that you will be able to join us for at least part of the time while we are there.

Don't worry about ammunition, as there will be plenty of both 12 gauge and 20 gauge shells on hand.

I am sending a copy of this also to Omar Bradley.

Faithfully yours,

Lieutenant General W. B. Smith,
