combined command with General Handy as the Commander in Chief and, therefore, this request could be considered as having been coordinated among the Military services concerned. Mr. Helms undertook to draft a reply to General Truscott indicating approval of CIA participation.

10P SECRE

c. Noted a cable from _______ complaining of a recent article published in LIFE on French politics. DDCI stated there was not much we could do about this one.

d. Noted that in all probability would request an appointment with DDCI to discuss further the and recommended that be referred to him. The DDCI noted his approval but stated he would see for a "few minutes".

e. Reported that Desmond Fitzgerald had prepared a memorandum concerning the which indicated that State had been withholding action on this problem awaiting recommendations from Minister Rankin and an opportunity to present it to the new Secretary of State.

f. Noted that was presently on leave; however, he would return to Washington on 8 February and be here for the remainder of that month.

g. Stated that Truscott, Stewart, Polgar, and Burke were all "scheduled" to return to Headquarters at the same time. DDCI stated this would not be necessary and directed that only Truscott and Burkereturn together with Stewart and Polgar following at a later date.

Mr. Becker:

a. Reported he had been advised that the plane lost off _____ was on a photo and reconnaissance mission.

b. Stated that a dry-run for the first Wednesday briefing of the NSC was being held this afternoon and undertook to so advise the Director. DDCI asked that a copy of the briefing notes be furnished him.

c. Reported that was scheduled to arrive in Washington in the near future accompanied by and, in the event raised the question of CIA participation in the last conference, both he (Becker) and Mr. Helms were prepared to discuss this matter.

Mr. Becker (Cont'd.)

d. Referred to his comment at the Deputies' Meeting on 23 January that there was a feeling of watchful waiting throughout the intelligence orbit in regard to the world situation and noted that (1) this feeling still prevailed; (2) the possibility still remained that the ChiComs might start an offensive in mid-February: (3) therefore this should be born in mind in the conduct of

e. Undertook to prepare a paper for DDCI and General Cabell in regard to the recommendations contained in the Brownell report.

Mr. Houston:

a. Noted that the President had authorized the Director of Central Intelligence to award the National Security Medal and stated that it was his understanding that General Smith felt that this Medal should be awarded for (1) valor; (2) distinguished service. Mr. Earman noted that this was correct and, in fact, the Director had indicated that (1) the Medalawarded for valor should bear a palm to distinguish it from an award for distinguished service; (2) he (the Director) desired to see the "mock up" of the Medal before it was cast.

b. Noted that the bill from the lawyer (\$2,000.00) who represented had been received. DDCI authorized payment from unvouchered funds.
