REC'D WAS MAY 18 1970

NOTICE

It is with regret that we have to advise our many loyal employees at Tachikawa/Yokota that we have been officially advised by the U.S. Air Force that the [] Contract (currently No. []) after a period of valuable performance covering some twenty years, will not be renewed after June 30, 1970.

As a result, the inevitable course for the Company is to phase out its Japan activities. We will do our utmost to place our employees whose jobs will thus be curtailed in other areas of the Company's operations or with other employers. We shall welcome any employee's expression of his job preferences for the future.

I personally thank and congratulate all who contributed to a job well done, and wish every future success to those who will be leaving.
