Dear Sir:

I am interested in the acquisition of a supplemental air carrier and with the participation of associates an offer can be made at this time for all of the capital shares of SAT, the shares of the associated real estate company, and for the aircraft leased by SAT. This would include three Hercules, two Boeing 727Cs, and two DC-6A/B aircraft. Today's market prices can be met and we can refinance SAT's borrowings.

I would appreciate the opportunity to discuss a proposal.

Very truly yours,

  
George A. Doole, Jr.
