MEMORANDUM TO: CHIEF, FAR EAST DIVISION

SUBJECT : WSBAKERY

1. The object of this project is the establishment of two reception and training centers, one within the continental limits of the United States and a second in a more forward area (possibly Alaska or the Aleutians) for the reception training and forward movement of selected Russian agents to be employed in Far Eastern operations presumably Eastern and Northern Siberia.

2. WSBAKERY is submitted at this time in order to take prompt advantage of the promising recruit contacts developed through FJAURORA previously approved and consummated. The whole will form a part of FJICICLE presently in an advanced planning stage preliminary to submission for consideration.

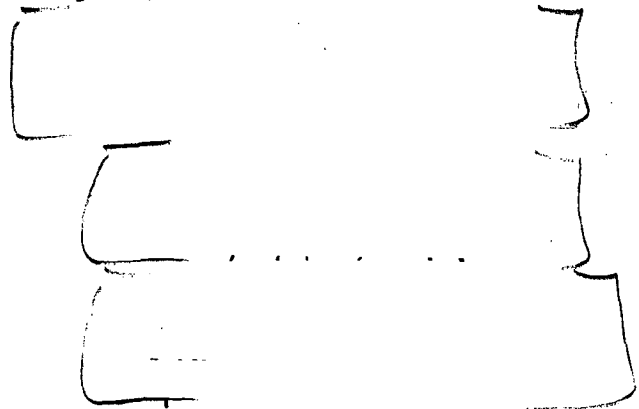

3. The Board has been impressed with the thoroughness and careful thought embodied in WSBAKERY. The Board is also most strongly of the opinion that no effort should be spared in developing early penetration of Communist Russian territory and that Siberia provides a hitherto little developed but potentially fruitful field for such operations.

4. The risk involved is small. The objective is in consonance with OPC responsibility.

5. The Board recommends approval of WSBAKERY.
