MEMORANDUM FOR: Deputy Director for Plans, PG

THROUGH : Chief, DODS

SUBJECT : Extension of Project AEACRE for period 1 January -
30 June 1964

REFERENCES : A. Project AEACRE, FY 1958 with renewals through June 1963
B. Project AEACRE extension covering 1 July - 31 December
1963
C. CSHB No. 230-60-1

1. The purpose of this memorandum is to extend Project AEACRE for an additional period of six months, 1 January - 30 June 1964.

2. The reason for delay in this action is that the project has been under review for consideration of transfer from SR Division to DODS, as outlined in reference B extension (attached). This transfer action was approved by ADDP on 3 March 1964.

3. Chief, DODS will further review this project for consolidation with Project AEDEPOT and a formal renewal will be submitted to DDP by 15 June 1964 for FY 65.

4. In order to provide funding through the remainder of FY 64, it is requested that Project AEACRE be extended for the period 1 January - 30 June 1964 in the amount of [], or a total of [] for FY 1964. The original FY 1964 extension request carried provisions for:

2 4 instructors (trainers), debriefers, translators
2 3 housekeeping couples
1 1 full time PA in field

Excluding the full time PA in field who recently has been transferred to an SR Branch, the requirements have not changed, and, although presently this contract TD is not at full strength (2 instructors - 3 housekeeping couples), the needs still exist as they have in the past. It is expected that the two unfilled slots will be filled in the near future. Because of these openings the original estimated requirement was excessive and is reflected in the fact that only [] was spent in the period 1 July 1963 to 31 December 1963.

5. Although the project transfer action has been approved, the decision was made that DOB funding would continue through SR/BF during the remainder of FY 64. Sufficient funds are included in SR Division's FY 1964 Operational Programs.

Chief, DO/DOB
