Note: Average per agent figures do not reflect the average time or cost required to fully train an agent in the categories listed. It has been estimated elsewhere that a REDSOX penetration agent requires an average of six (6) months of training. The figures shown therefore represent only the average time or money spent by DOB on a per body basis and include bodies who were in DOB for very short periods and bodies in DOB for other than strictly training purposes. Some of these bodies were with DOB as much as nine (9) or ten (10) months.
