MEMORANDUM TO: Chief, DOB/SR

VIA : Chief, SS/SR

SUBJECT : Project AEACRE

1. The Agency is enforcing current financial regulations more strictly than ever before. The Agency is also writing more administrative regulations approaching the normal government standards. SR/BF has predicted these trends for two years and has tried to prepare SR Division for tight budgets and strict accountings.

2. Two recent pressures have hit the Division. Chief of Administration, DD/P, has written Chief, SR, that projects should be amended for PRC or other approvals on funds going behind the Iron Curtain. Operational write-offs for agents' accountings are becoming more difficult. The Finance Division is stopping advances of funds and certification on vouchers whenever projects are lacking a required Administrative Plan. Reports have been sent to DD/A which reflect adversely on the credit of SR Division.

3. Information in our staff indicates action is over-due on project approval and Admin. Plan for your project AEACRE. If you have better or later information, please bring your documentation to [redacted] in 2510-J. If our information is correct, we request that you submit necessary papers to us within ten days for clearance to DD/P, PRC and DD/A authorities. Chief, SR, is responsible for conduct of operations and depends on you and me to obtain prior authorization on projects. This effort to clear the project record is for our mutual benefit in execution of the SR mission.
