

SECRET

Date MAR 8 1955

PROJECT AEMANNER

1. Of the objectives listed under paragraph 5, only item b is of a positive intelligence nature. Although the other objectives may develop as media for the acquisition of positive information, presently they appear to be operational in nature.

2. In March 1954, the Department of the Navy submitted a detailed port dossier on Klaipeda (Memel), Lithuania, which sets forth priority IPC requirements for that area. This dossier has received field action through SR Division but has not, according to the records of RQM/RE, been forwarded to Germany, the operational site of AEMANNER.

3. The Department of the Navy has stated that so little is known of this target that it is difficult to assess the priority value of Klaipeda.

4. Since there is adequate guidance for those positive intelligence objectives cited above, FI/RQM recommends approval.
