TO : Chief, FDW

DATE: 29 November 1951

FROM : Chief of []

SUBJECT: GENERAL - Operational - REDSOX
SPECIFIC - Report on Broadway Ukrainian Group

Reference: WELA-7181, 13 November 1951

1. Enclosed herewith are the following documents concerning the five men of the PIMSTA party, parachuted into the Ukraine in May and who are presumed to have been killed in action in the middle of June:

- Appendix "A" - Names, personal descriptions, and photographs
- Appendix "B" - List of equipment
- Appendix "C" - Details of W/T equipment

2. In passing these papers to us, SMEDDUM stated that according to the information Broadway had received, the party was surrounded in the Black Forest in the Carpathian Kraj (West of STANISLAWOV) during the first half of June 1951. They were apparently proceeding along a courier line and had a local liaison man with them who was also killed.

3. Broadway has as yet no information on what part of their equipment they were actually carrying at the time of the incident and which must be presumed to have fallen into enemy hands. It is presumed, however, that the mail and the W/T equipment would have been buried before the party left on its trip.
