Subject: REDSOX/AERODYNAMIC - Critical Data for Technical Services; Preparing Cover Documentation and Equipment for Agent Operation.

A. References

1. Project AERODYNAMIC
2. Case Officers:

B. Nature of Operations

1. Number of agents: 5
2. General Plans: Agents will be in cellars of Western Ukraine taken from Poland after the last World War. Any or all may be required to exfiltrate through Poland, Czechoslovakia and the Soviet Zone of Austria. If these agents exfiltrate they will in effect be couriers.
3. Infiltration by air - route as yet not determined. Exfiltration on foot, bicycle and possibly train or bus through Czechoslovakia or Austria.
4. Contact will be via W/T and possibly R/W.
5. Slim possibility of re-supply by air.

C. Cover of Agents

1. Farmers or workers in small factories
2. Black
3. Almost exclusively black
4. Yes, agent(s) will presumably exfiltrate carrying a pouch of written materials, reports, etc. It is also possible that they will exfiltrate in the company of one or two persons who have no legal documentation at all.

D. Schedule

1. 25 March 1952, estimated time of departure
2. Yes, at CSOR/K
3. If there are any special instructions to be given in the use of Czech and Austrian documents the assistance of a TAD staff man would be required.
4. None

E. Documentation

1. Yes, documents are required.
2. Countries: USSR, CSR and Sov-Zone of Austria
3. For personal description data required on each person see Attachments A-E. (Note that the cities of birth and place of present residence were picked by random to justify overland westward travel through Austria and Czechoslovakia. If necessary TAD can select other towns or cities that fill this specification.)

F. Secret Writing: None required.

G. No other services required.
