| The following comments from Military Intelligence were received through Smith:  |   |                                 |  |
| "Re Hqs. Comment and second half of Para 2: We are greatly interested in the construction in the Rakhytsky forest but this location is untraceable. Can source be asked to position the forest or, if not, the construction sites?" |   |                                 |  |
| Smith has commented that they have been unable to locate this forest area and would be grateful for any further information that might help to pinpoint it.   |   |                                 |  |
