

FOREIGN REPRESENTATION
OF THE
UKRAINIAN SUPREME LIBERATION COUNCIL

23 September 1960

To: The Fifteenth United Nations General Assembly

The Chairman of the Council of Ministers of the USSR, Mr. N. S. Khrushchev, proposed that the General Assembly adopt the following resolution:

"To grant immediately to All colonial countries, trusteeships, territories and other non self-governing territories complete independence and freedom in the building of their own national states in conformity with the freely expressed will and desires of their people."

In connection with the above, we have the honor to ask you to propose to the General Assembly an immediate examination of the situation in the Ukraine, which lost its national independence as a result of the armed aggression of Communist Russia in the period 1917-1918, and which still remains in colonial captivity. We particularly request that you propose to the presently convened General Assembly that it adopt a resolution calling upon the government of the USSR to remove units of the Soviet Army and political police and to permit the holding in the Ukraine of free and democratic elections under the supervision of the United Nations to enable the people of the Ukraine to express their true wishes.

I wish to assure your Excellency of our readiness to submit exhaustive source material and evidence at your request indicating the colonial enslavement of the Ukraine by Communist Russia during the course of the last forty-three years and documents proving that the Ukrainian people are engaged in a ceaseless struggle for their national independence.
