a. <u>Action Reported:</u>								
a) <u>By Field</u>								
<p>1. The Ukrainian newspapers published in Germany have increased their circulation and are sending large numbers of copies of both newspapers to the USSR to official Ukrainian addresses in order to inform the Ukrainian people about the events in Hungary and Poland. As experience in the past has shown, these newspapers, when sent to official institutions or officially known people, have a pretty fair chance of reaching the addressees. In addition to the regular political activities, the members of the group are preparing material for the next issue of the English language publication. They also are preparing for meetings with the other Ukrainian factions and groups in Germany.</p>								
b) <u>By Headquarters</u>								
<p>1. Broadcasts through PYREX are continuing and scripts reflect the current events. The analysis of the political situation presented by the scripts emphasizes the revolts in satellites and the events that took place in Hungary and Poland.</p> <p>2. Public meetings organized in cooperation with the Ukrainian Congressional Committee are continuing to take place in various cities in the United States and Canada. The minutes of the meeting and the political propaganda resulting therefrom will be recorded and presented to UNO for the purpose of publicizing the plight of the Ukrainian nationals in the USSR.</p> <p>3. The Ukrainian group in Radio Nacional has been incorporated in the operational facilities of Prolog Associates in New York and receives a steady flow of material for the preparation of scripts.</p> <p>4. The report of the Ukrainian affiliation of Prolog Associates in Melbourne has been submitted concerning the plans originated by the group for the purpose of anti-Soviet propaganda directed towards the Soviets and especially Ukrainian personnel of the Soviet Olympic team in Australia. This report offers an ambitious program of contacts and concerts for the purpose of establishing friendly relationship with individual members of the group. On all these occasions, the books supplied by Prolog Associates will be put on display.</p>
