2. The above is in addition to the approximately \$70,000 estimated for salaries of 6 full and 5 part-time employees in the United States. It is possible this last figure will be revised downward, depending on how many part-time employees would be retained, and depending on the payment arrangements.

3. The \$ [ ] estimated for travel is the cost of travel of Prolog officers and employees only. Travel by collaborators for operational purposes would be classified under contact operations. The rent is estimated at the present rate. If the group should be required to move to new quarters, it is expected rental costs would probably run much higher.

4. Please contact [ ] on extension 6508, room 5B4804, if you have any questions concerning the information in this memorandum.
