MEMORANDUM FOR: CPP

SUBJECT: Summary of Project Outline PBCRUET

1. Project PBCRUET proposes that OPC support and exploit the existing facilities of the Foreign Representation of the Ukrainian Supreme Council of Liberation (ZPUHVR) and its parent organization, UHVR, for the purposes of penetration of the USSR and the development of clandestine resistance in psychological warfare activities in the Ukraine.

2. Inasmuch as OSO has maintained contact with this Ukrainian organization and is now planning to make an air-drop of agent personnel and communications equipment this summer, it is proposed that OPC and OSO jointly exploit the ZPUHVR and the UHVR.

3. Preliminary studies on the effectiveness of the ZPUHVR have been made by OPC and OSO. The responsible officers in these two branches of CIA agree that the Ukrainian organization offers unusual opportunities for penetration of the USSR and assisting in the development of underground movements behind the Iron Curtain.

4. It is estimated that \$50,000.00 will be sufficient to cover the expenditures during the Fiscal Years 1950 and 1951.

5. In view of the fact that all the preliminary arrangements have been made with OSO and the Ukrainian representative in the United States, it is strongly recommended that this project be approved as soon as practicable, in order to permit OPC to undertake joint exploitation with OSO of the ZPUHVR and its parent organization, the UHVR.
