

24 000 1955

INTELLIGENCE PRODUCING ASSETS IN USSR

SECRET

AENOBLE 5

I BACKGROUND

A. Subject was introduced to [] by CACCOLA 2 in Munich, Germany, 24 September 1951. He was assessed and accepted by KUBARK but recruited by SHUBA 100 for a mission inside the USSR.

B. AENOBLE 5 was dispatched the night of 4 May 1952 after 6 months of KUBARK training.

II PRESENT STATUS

A. Subject is located in Kiev.

B. WT and SW are the means of communication. We have received 13 SW letters from the agent during his 26 months in the USSR or an average of one letter every other month. We have received 23 WT messages from the agent or an average of nearly one message each month.

C. Agent is employed in a machinery factory in Kiev and hopes to become a lathe turner.

D. The agent's access was limited by his initial registration under KUBARK furnished false documentation. He has however gradually procured authentic Soviet documentation and has been able to report on the Penicillin Factory located at 139 Saksaganskaya Ulitsa in Kiev and is at present answering intelligence requirements on the Helicopter Factory located on the outskirts of Kiev.

III PRODUCTION TO DATE

The agent has reported considerable document information, as well as operational information on internal controls in Minsk, Kharkov, and Kiev, travel, local addresses, possibilities for procuring documentation illegally, and the political temperament of the people. The following CSDB's have also been published on the basis of his reports: CSDB 8841, 27596, 27768, 29127, 34552, and 34589.

AENOBLE 6

I BACKGROUND

A. AENOBLE 6 was introduced to [] by CACCOLA 2 in Munich, Germany in October 1951. He was assessed and accepted by KUBARK but recruited by SHUBA 100 for a mission inside the USSR.

B. Subject was dispatched the night of 4 May 1952 after 6 months of KUBARK training.

II PRESENT STATUS

A. The agent has just moved to Novgorod from Leningrad.

B. The agent communicates regularly by SW and listens twice a month to our blind broadcasts. We have received 21 SW letters from this agent or an average of about one a month.

CENTRAL INTELLIGENCE AGENCY
SOURCE METHOD EXEMPTION 3B2B
NAZI WAR CRIMES DISCLOSURE ACT
DATE 2007

SECRET

C. This agent is of an underworld character and thus his mission was designed to satisfy his abilities. He successfully entered the Leningrad underworld and at present is living with a thief in Novgorod.

D. His access is quite large despite his registration on forged and stolen documents. He has reported on the following targets: Paper Combine in Svyatogorsk, submarines moored in Leningrad, and other naval vessels under repair in Leningrad.

III PRODUCTION TO DATE.

This agent has provided excellent documentation intelligence and information on how to procure documentation illegally. His reporting has supplied information about the possibilities on illegal existence in the USSR. At present he is planning to exfiltrate and the intelligence to be procured from such a trained observer will be of great future operational value. The following CSDB's have also been published on the basis of his reports: CSDB 17321, 17611, 16251, and 16273.

AENOBLE 22

I BACKGROUND

A. AENOBLE 22 was introduced to [] by CACCOLA 3 in Starnberg, 1 June 1952. He was assessed and accepted by KUBARK but recruited by SHUBA 100 for a mission inside the USSR.

B. Subject was infiltrated into the USSR on the evening of 29 April 1953 after six months of KUBARK training.

II PRESENT STATUS.

A. Agent is located in Bryansk.

B. AENOBLE 22 reports by SW and WE. We have received 12 SW messages and 13 WE messages. This agent was ill from January to March 1954 and could not communicate then as he was in the hospital.

C. He is employed on the laying of a gas conduit.

D. This agent has had access to the following: Air Force base in Orsha, and is at present reporting on the airfield near Bryansk.

III PRODUCTION TO DATE

This agent has supplied document information, internal controls in Orsha, Astrakhan, and Bryansk. At present he is reporting intelligence on the Airfield in Bryansk. This agent has not been very productive, but it is felt that his illness was the cause and an increase in his future production is expected. The following CSDB has been published on the basis of his reports: CSDB 23101.

AENOBLE 27

I BACKGROUND

A. Subject was introduced to [] by CACCOLA 3 in Starnberg on 19 June 1952. He was assessed and accepted by KUBARK but recruited by SHUBA 100 for a mission inside the USSR.

SECRET

B. AENOBLE 27 was infiltrated into the USSR on the evening of 29 April 1953 after six months KUBARK training.

II PRESENT STATUS

A. Agent is located in Minsk.

Communication is by SW and WT. We have received 28 letters and 21 WT messages or an average of about one a month.

C. AENOBLE 27 has from his very first contact with us proven himself to be RIS controlled. He claims that he is working in a pre-fabrication factory in Minsk.

D. The RIS have complied to the requirements placed before this agent to date.

III PRODUCTION TO DATE

AENOBLE 27 has provided document intelligence as well as information on the pre-fabrication factory at which he is employed, sentiments of the population; he has described the main industrial and military targets of Minsk, the mood of the colkhozniiks. At present he is describing the military compound located in Minsk. This information has been valuable in confirming known data and as a check against reports of other AENOBLE assets. The following CSDB has been published on the basis of his reports: CSDB 31895.
