MEMORANDUM FOR: FI/Projects Branch

ATTENTION:

FROM: Chief, SR/3

SUBJECT: Additional Information on Project AENOBLE

1. Pursuant to telephone conversation between FI/Projects Branch, and SR/3/W1, on 8 November 1956, the following information is forwarded on Project AENOBLE:

A. The field case officer of AENOBLE is
 Grade GS-11.

B. Agents dropped or terminated since previous submittals of AENOBLE are as follows:

(1) SHUBA 811: this agent was captured shortly after his infiltration in 1953 and played back by the RIS until November 1955, when he was surfaced. He has accordingly been terminated. (See Paragraph 2 of Project Renewal Memorandum).

(2) The SIS-developed SHUBA 820-821-822 complex is inactive and considered closed. SHUBA 822 redefected to the USSR in mid-1955 and the RIS evidently have no interest in keeping the case going.

(3) SHUBA 816 is inactive and is not considered a current reporting source.

2. Please refer any further questions on this matter to
 SR/3/W1, extension 4387.
