(b)(3)

(a) Definitions. As used in this clause-

- (1) "Contract financing payment" and "invoice payment" have the meanings given in FAR section 32.001.
- (2) "Electronic form" means using the Internet Payment Platform (IPP) to transmit information electronically from the Contractor to the internal contract management system. The Agency does not consider facsimile, e-mail, and scanned documents to be electronic forms.

Internet Payment Platform Initial Registration and Account Maintenance (SEP 2010)

(b)(3)

(a) The Internet Payment Platform (IPP) is a secure, web-based electronic invoicing system (accessible via the Internet) provided by the Department of the Treasury's Financial Management Service (FMS), in partnership with the Federal Reserve Bank of Boston. The Contractor shall provide the Contracting Officer with the following information required for IPP registration:

(1) Company Name (primary corporate location); (2) Company Tax Identification Number (TIN); and (3) Company designated IPP account administrator, to include: name, position, phone number, email address.

Contractors currently registered with IPP through another Government agency must still register separately for payments from this Agency. (b) Within 1-2 weeks after the contract is signed, the information provided in paragraph (a) will be forwarded to IPP and the company designated IPP account administrator will then receive three emails from the Treasury Web Applications Infrastructure's (TWA) email address twai.gov@mail.eroc.twa.gov.

(1) From "Treasury UPS User Administration" - a FMS Enterprise User ID and a link to a website that will allow the Company's POC to initialize an IPP account. (2) From "IPP User Administration" - the Company's IPP User ID, a link to the IPP Application, and the IPP Helpdesk phone number. (3) From "Treasury UPS User Administration" - the Company's IPP password (sent within 24 hours of the first two emails).

(c) During registration, one (1) initial administrative user account is created for the company for the submitted TIN, regardless of the number of contracts or locations associated with the TIN. The IPP account administrator is required to set up all other company user accounts, including other administrators. Registration is complete when the IPP account administrator logs into the IPP website with the User ID and password provided by TWA and accepts the "rules of behavior". (d) The Contractor shall access a first time login video found on the IPP homepage, which provides step-by-step instructions for logging into IPP for the first time. Other self-help videos, to include creating and submitting invoices, are available only after logging into IPP. (e) Passwords in IPP expire every 90 days. Fourteen days prior to the end of the 90-day period, IPP will send an email notification prompting you to change your password. If you do not change your password once during the 90 days, or if you do not change your password when prompted to do so, you must contact the IPP Helpdesk at 1-866-973-3131 to unlock your account and to reset your password. (f) For application specific questions such as how to create an invoice or how to set up notifications, contact the IPP Helpdesk. For questions related to the contract, contact the Vendor Service Center at [redacted].

(b)(3)

(a) Authority: Performance of this contract is subject to the technical guidance, supervision and approval of the Contracting Officer or a designated Contracting Officer's Technical Representative (COTR). As used herein, "technical guidance" is restricted to scientific, engineering or other technical field-of-discipline matters directly related to the work to be performed. Such guidance may be provided for the purposes of filling in details, clarifying, interpreting or otherwise serving to accomplish the technical objectives and requirements of the contract. In addition, and unless specified elsewhere in this contract, the authority of the designated COTR is specifically limited to the technical administration of this contract and the inspection of supplies being produced, services being provided or work being performed to assess compliance with the scope, estimated cost (if cost-reimbursement), schedule, and technical requirements of the contract.

(b) If an Associate COTR (ACOTR) or a Government Task Manager (GTM) is designated by this clause, the ACOTR will assist the COTR in his/her responsibilities and will function as the technical representative of the Contracting Officer in the absence of the COTR. The GTM will assist the COTR in performing his/her responsibilities for a specific task(s). However, the COTR remains ultimately responsible for the technical performance of the contract.

(c) Designation: The individual(s) identified below is/are authorized access to all information concerning this contract during the life of the contract unless this authorization is reassigned by an administrative change to the contract:

Name Telephone No.

COTR: [redacted]

(b)(3)

(d) Notification: The Contracting Officer is the only representative of the Government authorized to negotiate, enter into, modify or take any other action with respect to this contract. Therefore, no other employee or representative of the Government has the authority to initiate a course of action which may alter the terms or conditions of this contract. All revisions to specifications, requirements or informal commitments that may involve a change in either the total cost/price, scope, delivery schedule, or legal aspects of this contract must be done by change order or supplemental agreement, to be negotiated and signed by the Contracting Officer. [REDACTED] Non-Publicity (DEC 2011)

"Publicity" means, but is not limited to, advertising (e.g. trade magazines, newspapers, Internet, radio, television etc.), communications with the media, marketing, or a reference for new business. This shall include, but is not limited to, the use of the terms "ISSA or ISA" or any other sponsor specific terms in any public advertisements. Any Contractor or subcontractor employee who violates this policy may be denied further access to Agency controlled facilities and systems. The Contractor shall emphasize this fact to its employees and subcontractors and shall include the substance of this clause in each subcontract issued under this contract. (b) The prohibition set forth in paragraph (a) above does not apply to the recruitment of Agency personnel enrolled in the Agency's Career Transition Program. (c) Denial of access to Agency controlled facilities and systems as described in paragraph (a) of this clause shall not relieve the Contractor from full performance of the requirements of this contract, nor will it provide the basis for any claims against the Government.

Past Performance Information - Referencing Agency Contracts (MAR 2004)

This contract may be listed as a reference for past performance purposes only in offers submitted to agencies and organizations within the Intelligence Community, provided the Contractor requests and receives the written approval of the Contracting Officer in advance. Failure to comply with this requirement may result in the Agency being unable to respond to a reference request and may also result in a termination for default.

Changes Requiring No Equitable Adjustment (MAR 2004)

(a) Purpose. The purpose of this paragraph is to establish a procedure whereby one contractual modification will be used both to direct a change pursuant to the "Changes" clause of this contract and to settle any question of equitable adjustments that might arise. This procedure shall apply only to those changes that will have no effect on the contract price, delivery schedule, or other provisions of the contract.

(b) Procedure. When a change under the "Changes" clause is proposed, and both parties agree that the proposed change will not require any equitable adjustment, the Contracting Officer shall issue a bilateral modification authorizing the change that clearly states the change has no effect on either the contract price/cost plus fee, or period of performance/delivery date. The Contractor's signature on the modification shall constitute acceptance of the Government's offer, shall be binding on both parties, and shall constitute a full, complete, and final settlement for the changes so directed.

Limitation of Working Groups (MAR 2004)

Technical guidance provided at meetings of Working Groups established by the Government and/or construed from the minutes of such meetings shall not constitute authorization for the Contractor to alter the scope of this contract. Only the Contracting Officer may give such direction in writing through the "Changes" clause of the contract.

Engineering Change Proposals (DEC 2010)

(a) The Contracting Officer may ask the Contractor to prepare engineering change proposals for engineering changes within the general scope of this contract. Upon receipt of a written request from the Contracting Officer, the Contractor shall prepare and submit an engineering change proposal in accordance with the Contracting Officer's instructions.

(b) The Contractor may initiate engineering change proposals. Contractor initiated engineering change proposals shall include a "not to exceed" cost or price or a "not less than" cost or price and delivery adjustment. If the Contracting Officer orders the engineering change, the increase shall not exceed nor the decrease be less than the "not to exceed" or "not less than" amounts.

(c) A change proposal accepted in accordance with the Changes clause of the contract shall not be considered an authorization to the contractor to exceed the estimated cost in the contract schedule, unless the estimated cost is increased by the change order or other contract modification.

(d) When the cost or price adjustment amount of the engineering change meets the criteria for its submission under FAR 15.403-4, the Contractor shall submit:

- (1) A contract pricing proposal using the format in Table 15-2, Section 15.408, of the Federal Acquisition Regulation; and,
