

SWISS ORGANIZATION

INTRODUCTION

The BUND TREUER BILGENOSSEN is a Swiss Fascist organization, founded in 1938, after the German-Austrian Anschluss, by Dr. Alfred Zander. During the trial of the latter, at which he was sentenced to one and a half years hard labor, he claimed that it was not the aim of the BUND to annex Switzerland to Germany, but this statement was disproved by the production of various letters.

The NATIONALE FRONT is a Swiss political party which adopted National-Socialism in 1931. Its leader was Dr. Rudolf Henne. Its aims in general were similar to those of the Nazi party in Belgium. Since in recent years many of its prominent members had been arrested, it was reported that the party was on the point of disintegration.

It is reported that the SWISS S.A. is a small organization, organized on the pattern of the Austrian Legion at Munich. It was organized and funded by one Dr. Morganti who receives funds from Germany for the purpose.

The VOLKSBUIND FUER DAS DEUTSCHTUM IM AUSLAND (V.D.A.) was originally founded in order to maintain cultural ties with those in foreign countries of German extraction. Since the accession to power of the Nazis, it has been used as a propaganda organization, and to propagate "Germanism" abroad under the active leadership and control of the National-Socialist Party.
