In Beaumont and Son's letter of January 18, 1965, it is stated: "Messrs. Shaw Pittman & Co. have already settled, or agreed for settlement, 13 of the 19 American claims at the agreed figure of US\$6,507.00". Details are being requested as this indicates settlement of three more claims than our records do.

We are waiting for confirmation that the claim for Miss N. Wright (Australian) has been settled in London by the Underwriters which we have assumed has been done.
