17 July 1950

MEMORANDUM TO: II/SA/CO [ ]

SUBJECT: Cover Problems Pertaining to QKSTAIR

ENCLOSURE: Memo of 5 July 1950 from II/CM to C/EE 3 with information regarding existing mobile propaganda equipment.

1. Will you please investigate the cover being used by QKSTAIR to ascertain the following:

a. On what basis was permission given by the cover agency to utilize cover for personnel?

b. What record do we have, if any, of this permission having been granted?

c. Was permission ever granted to use that particular cover agency as cover for the actual operation, particularly operation of the equipment?

d. If permission was granted above, what record do we have to indicate such authorization?

e. On the basis of the type of equipment used and the proposed use to be made of it, is the cover adequate to meet the requirements of our charter, namely: that the operation be carried out in such a way that it cannot be traced to the U. S. Government and if so traced can be plausibly disclaimed?
