SUBJECT: GENERAL- Operational

SPECIFIC- Request for Name Check

1. It is requested that Headquarters run a file check for information on Jose GARCIA de Zubaurri, an employee of the local British Institute, an organization somewhat comparable to the "Casa Americana" operated in Barcelona by the United States Information Service. There is no information on Subject in Consulate files.

2. Subject is known to Larry Charleston who can explain the background of this request for information. Unfortunately, Subject called at the Consulate after Charleston's departure and prior to the time that this station was to have notified an interviewing officer to extract basic information from Subject. The opportunity to obtain other identifying data was, therefore, missed for the moment.
