1. The information received in reference has clarified HIROYAL/2's travel plans. He will not be in Bad Nauheim for a month but will apparently be travelling around in Germany. Just how this will affect our plans to train HIROYAL/2 in an inside commo system remains to be seen but obviously it has already been complicated by this travel schedule where he apparently won't be situated in one place very long.

2. FOB: In answer to paragraph 3 of reference b, we would appreciate your alerting CABATON/15 that he might receive a letter sometime between the 1st and possibly 15th of May. We would appreciate as prompt service as possible. Remember, HIROYAL/2 still has the CABATON/15 address which he believes is still valid. We will give him the new GREBB/10 during this May trip and cancel his use of CABATON/15. We will not need CABATON/24.
