1. Due to the time limitation placed on the address forwarded in the referenced dispatch, we have refrained from assigning it to any of our agents permanently resident in the East. We would now like to assign the address to CAOODLES, to provide some realism to the S/W training he is now undergoing by making it possible for him to send S/W messages to his case officer via Frankfurt, as might be the case in an operational situation. It is not felt that this will preclude its use in other short-run operations.
2. If there are no objections to the use of the address in this manner, we will airmail the first letter from West Berlin about 6 July, and will mail 3-4 letters monthly thereafter until further notice. Please pouch the letters to BOB unopened.
3. We wish to thank you for your assistance in this matter.
