SUBJECT **CALL CATARSI CABATON**
CABATON Project

ACTION REQUIRED - REFERENCES

REFERENCE: EGFW-16521, 11 May 1964 ()

Paragraph 2 of Reference requested that the post office boxes administered under CABATON be tested periodically by means of booby-trapped letters sent to them. We are in the process of so testing these addresses. There has been no evidence that either the test letters or operational mail arriving at the boxes has been tampered with. We will include a fuller report on this aspect of CABATON in our next Project Renewal Request.
