August 1951

This Preliminary Gazetteer for Morocco is issued in one volume as part of the National Intelligence Survey program and lists official standard names approved by the United States Board on Geographic Names. These names supercede all previous decisions on geographic names in this area. For features lying within adjacent areas, refer to appropriate Gazetteer.

This Gazetteer is issued on a preliminary basis to expedite availability of this work material for use in the preparation of the National Intelligence Surveys. It is contemplated that major additions and revisions will be published in supplemental volumes and that subsequently the material will be consolidated and published as a standard component of the National Intelligence Survey for Morocco.

Distribution of this publication is made by the Central Intelligence Agency. This document carries a RESTRICTED classification but individual names thereof are unclassified.

FOREWORD

This gazetteer contains about 9,550 entries for places and features in the sultanate of Morocco and the enclave Ifni: about 8,350 for French Morocco (pages 1-225), 1,100 for Spanish Morocco (pages 227 to 258), 50 for the Tangier Zone (pages 259 and 260); and 60 for Ifni (pages 261 and 262). French and Spanish sources were used for appropriate areas in standardizing the names. Boundaries are as shown on *Maroc au 1:500,000: Carte Administrative*, Institut Géographique National, Annexe du Maroc, Rabat, 1948.

Glossary of generic terms

The following glossary contains generic terms occurring in the standard names listed in the gazetteer. Each of the meanings given applies in the case of one or more of the standard names. The terms are from the French, Spanish, Arabic, and Berber languages. Indication of the area or areas in which the terms occur is made by the following symbols: F, French Morocco; S, Spanish Morocco; T, Tangier Zone; I, Ifni.
