NIS GAZETTEER

British East Africa

FOR OFFICIAL USE ONLY

CENTRAL INTELLIGENCE AGENCY

Washington, D. C.

May 1955

This Gazetteer is issued as a standard component of the National Intelligence Survey for British East Africa and lists official standard names approved by the United States Board on Geographic Names. These names supersede all previous decisions on geographic names in this area. This Gazetteer also lists the variants of official standard names for reference purposes. These variants are not approved as standard names.

This Gazetteer will be adequately maintained by published revision.

Distribution of this publication is made by the Central Intelligence Agency and is for official use only.

FOREWORD

This gazetteer contains about 24,700 entries for places and features in British East Africa: 7,000 for Kenya (pages 1 to 170), 10,700 for Tanganyika (pages 171 to 427), 5,300 for Uganda (pages 429 to 558), and 1,700 for Zanzibar (pages 559 to 601). The entries include approved standard names and unapproved variant names, the latter cross-referenced to the standard names. *Users of the gazetteer should always refer to main entries for approved names.*

The scale of map coverage is about 1:500,000 for Kenya and most of Uganda, about 1:1,000,000 for Tanganyika, and about 1:125,000 for Zanzibar.

Interpretation of entries

It has been necessary to express in code numbers and letters some of the information in the gazetteer in order to accommodate it to the machine method of tabulation.

Name.--Approved standard names and unapproved variant names appear in the first column. The variant names are always cross-referenced to the approved names by use of the word "see." Where part of a standard name is underlined, the use of the nonunderlined part is optional. Where two or more names are approved for a feature, each is identified in parentheses and any or all may be used. Names that consist of specific and other elements are regularly alphabetized by specific part; thus the mountain Kubi Aro is listed as Aro, Kubi.

Designation.--Designations, in the second column, are sometimes abbreviated and represent groups of features as follows:

ADMD administrative division	BAY bay, inlet
ANCH anchorage	BCH beach
AREA geographical area, tribal area	BLDG building(s)

CAPE cape, headland	PLN plain
CHAN channel	FLNS plains
CLIF cliff(s), escarpment	PT point

MNMT monument	VAL valley
MRSR marsh, swamp	VOLC volcano
MSSN mission	WELL well(s)
MT mountain	WTRH waterhole(s)
MTS mountains, range	
PEN peninsula	

Latitude and longitude.—Coordinates, in the third and fourth columns, are for finding purposes only. Where the scale of sources permitted, they were read to the nearest minute.

Administrative division.—The number in the fifth column indicates the area in which the place is located: 566, Kenya; 567, Uganda; 568, Tanganyika; 569, Zanzibar.

Locational reference.—The number in the last column indicates a map or chart on which the feature may be located by its standard name or a recognizable variant of its standard name, as follows:

- 01 *East Africa 1:500,000*, East Africa Survey Group, most sheets 1946-49.
- 02 *Africa 1:1,000,000*, GSGS 2465, various dates.
- 03 *East Africa 1:125,000*, East Africa Survey Group, 1937-52.
- 04 *Map of Uganda Protectorate*, Survey, Land and Mines Department, 1948; scale 1:1,000,000.
- 05 British Admiralty charts, Hydrographic Department, Admiralty, London, various dates.

The code 00 is used for cross-references and for the names not to be found on any of these references.
