NIS GAZETTEER

Uganda

This NIS Gazetteer on Uganda is issued under the NIS maintenance program. It supersedes the material on Uganda in the NIS Gazetteer on British East Africa, dated May 1955.

FOR OFFICIAL USE ONLY

RECORD COPY

APPROVED FOR RELEASE: 2007/02/09: CIA-RDP01-00707R000100130012-1

CENTRAL INTELLIGENCE AGENCY

Washington, D.C.

September 1964

This Gazetteer is issued as a standard component of the National Intelligence Survey for Uganda and lists official standard names approved by the United States Board on Geographic Names. These names supersede all previous decisions on geographic names in this area. This Gazetteer also lists the variants of official standard names for reference purposes. These variants are not approved as standard names.

This Gazetteer will be adequately maintained by published revision.

Distribution of this publication is made by the Central Intelligence Agency and is for official use only.

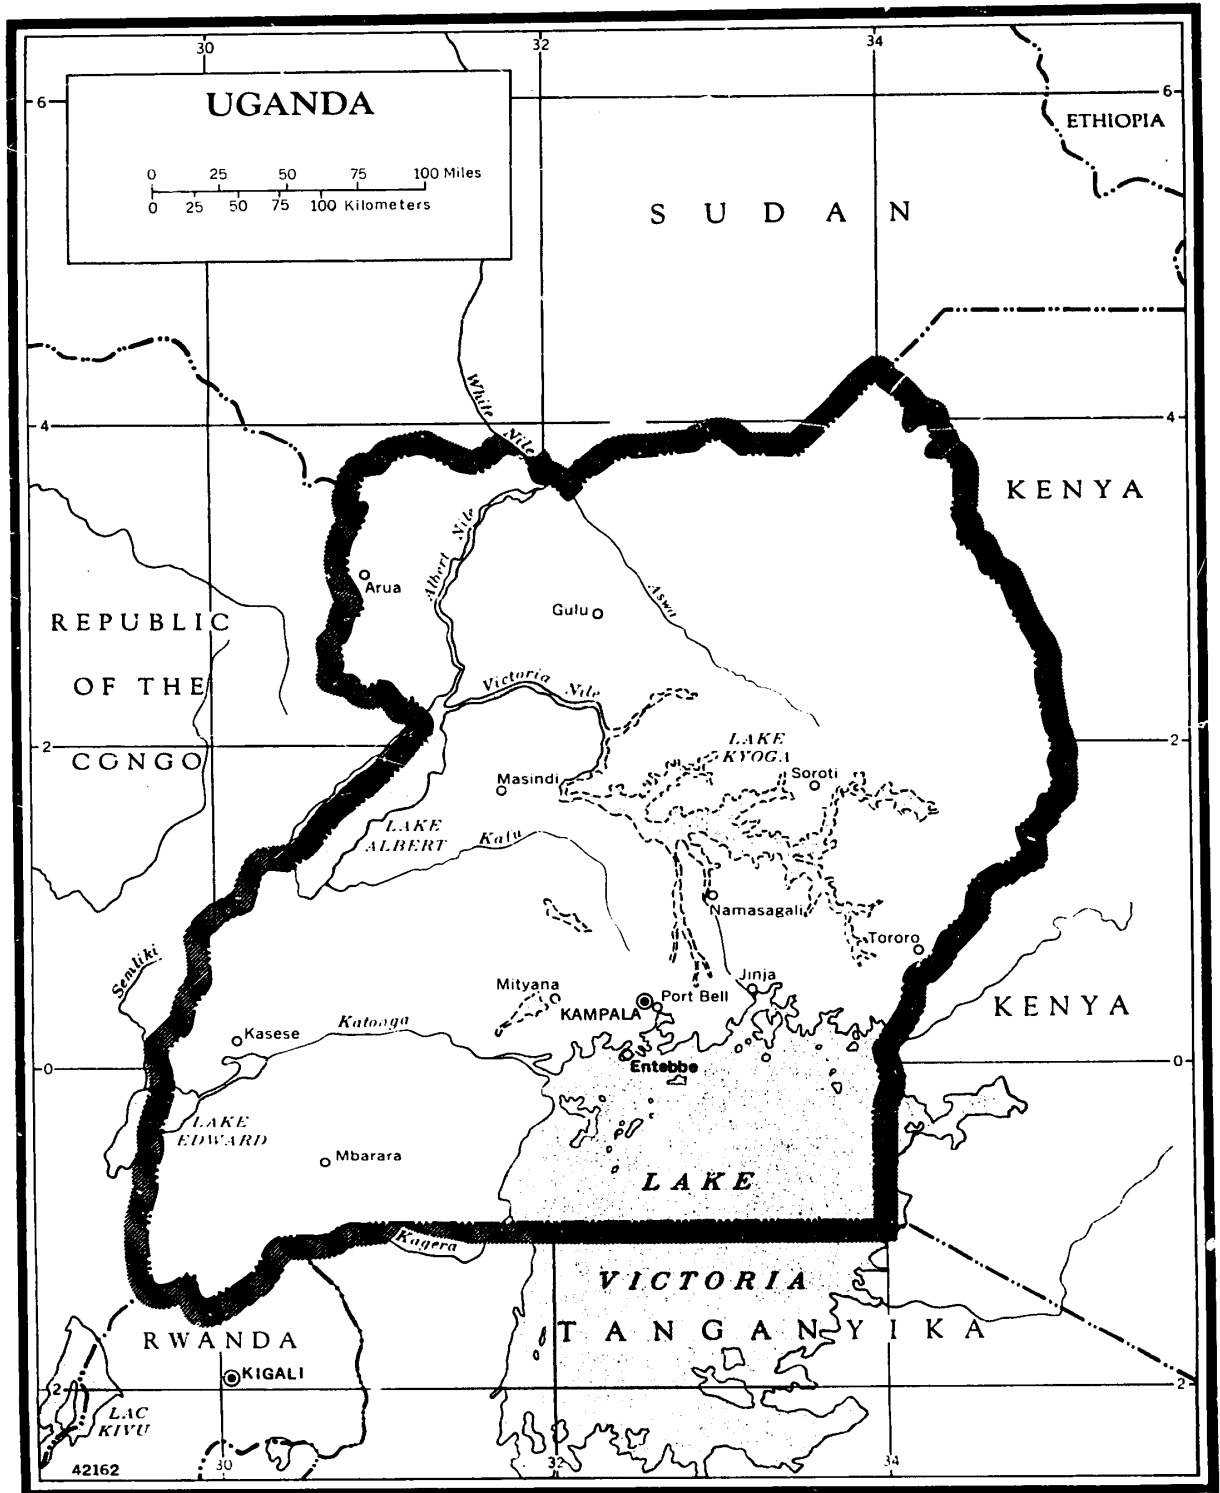

APPROVED FOR RELEASE: 2007/02/09: CIA-RDP01-00707R000100130012-1

NIS GAZETTEER

Uganda

Official Standard Names Approved by the
U.S. Board on Geographic Names

Prepared in the Office of Geography, Department of the Interior
Coordinated by the Central Intelligence Agency
Washington, D.C. September 1964

FOREWORD

This gazetteer contains about 11,900 entries for places and features in Uganda. The entries include standard names approved by the Board on Geographic Names and unapproved variant names, the latter cross-referenced to the standard names. *User: of the gazetteer should always refer to main entries for approved names.*

The basic name coverage corresponds approximately to that on maps at the scale of 1:250,000. Entries include the names of first- and second-order administrative divisions, populated places of all sizes, numerous minor cultural entities, and a variety of physical features.

Interpretation of entries

It has been necessary to express in code numbers and letters some of the information in the gazetteer in order to accommodate it to the machine method of tabulation.

Name.— Approved standard names and unapproved variant names appear in the first column. The variant names are always cross-referenced to the standard names by use of the word "see." Where part of a name is underlined, the use of the part not underlined is optional. Where two or more names are approved for a feature, each is identified in parentheses and any or all may be used. Names containing generic or other elements preceding the specific term (except names of populated places) are transposed and alphabetized by the specific part; thus Kingdom of Ankole is listed as Ankole, Kingdom of.

Diacritical marks are not used in the approved names of Uganda. In writing the names in capital and lower-case letters, the rules applicable to English should be followed.

Designation.— The second column contains designations or abbreviations of designations, as listed below.

Since practically all geographic terms have varied meanings, the senses in which the designator terms are used and the range of features to which they are applied *in this gazetteer* are stated in the list to reduce ambiguity. The distinctions that can be made in a given gazetteer will vary with the quality of the maps of the area and with the nature of the entities that are named.

- ADMD first-order administrative division (district, kingdom, territory); second-order administrative division (county)
- AREA area (tract of country identified by a name, but without recognizable boundaries and not considered to be a tribal area; see also TRB)
- BAY bay
- BDG bridge
- BGHT bight (open body of water forming a slight recession in a coastline)
- CHNL lake channel (channel between islands in Lake Victoria or between islands and the mainland)
- CMPR restcamp
- CONE volcanic cone (cone-shaped elevation formed by volcanic eruption, usually with a crater or breached crater at the top)
- COVE cove
- CRTR crater (generally circular central depression in a volcanic cone; includes breached craters)
- DAM dam (structure for impounding water)
- DTCH ditch (artificial watercourse used to improve drainage)
- EST estate (commercialized agricultural landholding with associated buildings)
- FLLS waterfalls
- FRM farm
- FRST forest reserve

| | | | |
|------|--|------|---|
| FT | fort (generally of no current military significance; some in a state of ruin) | PPLX | section of populated place |
| FY | ferry (includes boat and terminal facilities) | PRK | national park |
| GRGE | gorge (relatively narrow, steep-sided part of a streamcourse) | PRN | prison (includes agricultural prison camps and other penal establishments) |
| HLL | hill (landform of moderate relief and small summit area) | PT | point (relatively minor projection of land into a waterbody, or its extremity) |
| HLLS | hills | RDGE | ridge (elongated, relatively narrow and even-crested relief feature) |
| HBR | harbor (body of water providing shelter for ships) | RESW | game reserve (area set aside for the exclusive habitation of game; wildlife sanctuaries from which human settlement is not excluded but in which hunting is illegal or controlled are also so designated) |
| ISL | island | RGN | region (former colonial administrative district still identified by name but having no present governmental function) |
| ISLS | islands | RKL | rock on land |
| LCTY | locality (minor area of unspecified character) | RKSW | rocks in water |
| LDG | lodge (tourist facility in Queen Elizabeth National Park) | RKW | rock in water (may be above or below the water surface) |
| LDNG | landing | RPDS | rapids |
| LGN | lagoon (smaller waterbody largely or wholly cut off from a lake by a barrier beach) | RSTN | railroad station |
| LK | lake | RUIN | ruin |
| LKC | crater lake (lake in an explosion crater) | SCH | school (includes colleges and forest schools) |
| LT | lighthouse | SCRP | escarpment (more or less continuous line of cliffs or steep slopes facing in one direction; caused by erosion or faulting or both) |
| MLSW | sawmill | SOL | saddle (moderately lower place on a ridge or between two summits or other high places on a mountain) |
| MN | mine | SPIT | spit (protruding tongue of sand or silt deposited by a coastal current) |
| MRSH | marsh (wetland characterized by grasses or bush vegetation and few or no trees) | SPNG | hot springs |
| MSSN | mission (includes some sites without buildings) | SPUR | spur (sloping ridge extending laterally from a mountain or other elevation) |
| MT | mountain (landform of conspicuous relief and small summit area) | STM | stream (includes undifferentiated intermittent streams, except those international with Kenya) |
| MTS | mountains | STMD | distributary |
| PASS | pass (way over, through, or between mountains or other high land) | | |
| PCLI | independent political entity (federated state) | | |
| PK | peak (separately named summit on a more extensive elevation) | | |
| PKS | peaks | | |
| PLN | plain (landform of low relief, slope, and elevation) | | |
| PPL | populated place (city, town, village, settlement; includes some dispersed rural communities) | | |

STMI intermittent stream (includes only those international with Kenya, since Ugandan sources do not differentiate intermittent and perennial streams)
 STMX section of stream
 STNE experiment station (agricultural)
 TMB tomb
 TRB tribal area

Latitude and longitude.—The third and fourth columns indicate geographic coordinates, with longitude based on Greenwich. Coordinates were generally read to the nearest minute and are for finding purposes only.

Coordinates were read at the map symbol for populated places and other entities occupying limited sites, at the mouths or lower ends of streams, at the summits of mountains and hills, at the extremities of points, and near the centers or midpoints of other features.

Area number.—The number in the fifth column indicates the first-order administrative unit (district, kingdom, territory) in which the place or feature is located, as listed below:

| | |
|--------------------------|---------------------------|
| 56700 Uganda (general) | 56709 Kingdom of Buganda |
| 56701 West Nile District | 56710 Territory of Busoga |
| 56702 Madi District | 56711 Bukedi District |
| 56703 Acholi District | 56712 Territory of Mbale |
| 56704 Karamoja District | 56713 Bugisu District |
| 56705 Kingdom of Bunyoro | 56714 Sebei District |
| 56706 Lango District | 56715 Kigezi District |
| 56707 Teso District | 56716 Kingdom of Ankole |
| 56708 Kingdom of Toro | |

The general number (56700) is used for international features and for features in two or more first-order administrative units.

Locational reference.—A number other than 00 in the last column indicates a map on which the feature may be located by its standard name or a recognizable variant of its standard name, as follows:

01 *East Africa 1:250,000*, Lands and Surveys Department, Department of Surveys, and Survey of Kenya, 1958-63.

02 *Uganda 1:50,000*, Directorate of Colonial Surveys, Directorate of Overseas Surveys, Land and Surveys Department, Survey of Kenya, GSGS, or other official British or Ugandan agency, various dates and editions.

03 District maps of Uganda, Survey, Land and Mines Department or Lands and Surveys Department, various dates and editions; scale 1:250,000.

The code 00 is used for cross-references and for standard names found only on references other than those listed above.

Reporting of errors

It is requested that all who use this gazetteer aid in its correction for future printings by reporting errors to the Board on Geographic Names, Department of the Interior, Washington, D. C. 20240. A statement of the source of the correct information will be helpful.

Geographic names or their spellings do not necessarily reflect recognition of the political status of an area by the United States Government.
