

5 February 1982

MEMORANDUM FOR: Executive Secretary, NFIB  
FROM: Chm/IHC  
SUBJECT: DCID Review - DCID 1/3

In response to your memo of 4 February proposing rescission of DCID 1/3, I submit the following:

From the point of view of my experience as Chairman of the IHC, I have found nothing in DCID 1/3 which has restricted or impeded in any way the activities of our committee or myself as committee chairman. On the other hand, I have found it to be a useful guide and supportive of what I thought was necessary and proper in carrying out my duties. Therefore, I would recommend its retention. From my perspective, I see little that would be gained and some value to be lost by rescinding it. It appears to me that it could easily be amended to conform to EO 12333 and other structural changes in the organization of the Community. If not strictly applicable to the activities of some committees, the language of the first paragraph could be changed to make it clear that it is intended to provide general guidance where applicable.
