

~~CONFIDENTIAL~~

D/ICS-84-0872  
13 August 1984

MEMORANDUM FOR:   
Executive Secretary, NFIB

25X1

FROM:   
Chief, Community Counterintelligence Staff/IC Staff

25X1

SUBJECT: Proposed DCID for CCIS

1. The attached proposed DCID, establishing the mission and functions of the Community Counterintelligence Staff (CCIS), is forwarded for completion of the coordination and DCI signature process.

2. The CCIS has never had an officially assigned written charter setting forth responsibilities and relationship to the intelligence community. This circumstance has on occasion been a liability. The attached proposed DCID has received the concurrence of the Deputy Director, Intelligence Community Staff for introduction into the formal DCID coordination process. The charter represents a compilation of both those key functions which CCIS has been performing and those which could be performed with tangible benefit to the community. No transgression on the established prerogatives of community organizations is mentioned or intended.

3. I would appreciate your facilitation of the coordination and approval process and will consult on this issue as you deem helpful or appropriate.
