OFFICE OF DISSEMINATION

29 August 1946

MEMORANDUM FOR RECORD:

SUBJECT: Centralization of CIG Security Functions in an Office of Security

1. Colonel Sands submitted the enclosed copy of 26 August, with request that the Office of Dissemination study and concur.
2. The original has not yet come in for concurrence. Check with Colonel Sands reveals that it is still under study in ICAPS. Therefore, with Captain Olsen's permission I gave Colonel Sands the original unsigned copy of enclosed memo of 29 August. I explained to him that this represented the comments Captain Olsen would make if the study came to us in present form. I explained also that we are strongly in agreement with the need for centralization of the function somewhere. I explained that we were submitting it informally to him for his possible use in further study. He expressed appreciation.
