Ray Udall

Mr. Raymond J. Brady, Director
Division of Security
U.S. Nuclear Regulatory Commission
Washington, DC 20555

Dear Mr. Brady:

This confirms the telephone conversation [redacted] of my Staff had with Mr. Duane Kidd of your office on 20 December 1977, and is in reply to your letter of 16 December 1977 which forwarded a NRC document of 27 April 1977 for CIA review.

The Agency has no objection to the release of the NRC document to Congressman Udall's Staff.

We would like to call your attention to page 1 of the document, paragraph 2 of Mr. Eagle's statement. He mentions that the Commission and senior NRC officials were briefed by the CIA on February 23 and 25, 1976. Our own records of this briefing are incomplete and indicate only that Mr. Duckett briefed the NRC during 1976. If the Commission has on file any memorandum for the record concerning that briefing, we would appreciate a copy to complete our records.

Sincerely,

[redacted]
