MEMORANDUM FOR: All CIA TALENT Security and Control Officers

SUBJECT : Reproduction of TALENT Controlled Materials

1. Uncontrolled reproduction of TALENT Control System material negates important protective measures prescribed by the System. In order to reduce the chances of compromise, it is requested that each of you again remind all TALENT indoctrinated personnel under your cognizance that reproduction of TALENT controlled material, in whole or in part, is prohibited unless permission to do so has been obtained from the TALENT Control Officer to whom document accountability has been assigned.

2. Whenever such permission is obtained, copies will be controlled under the originator's assigned TALENT control number and will be further identified as "Series B." Each copy will be numbered in sequence beginning again with one (1). Each copy will also show the total number of "Series B" copies prepared.
