Copy / of 4.

14 April 1958

MEMORANDUM FOR : Project Director  
SUBJECT : Restrictions on Showing of Aquatone Film  
REFERENCE (A) : SAPC-25096  
(B) : SAPC-26370

25X1A9a

1. I have read the above references and am in full agreement with [REDACTED] (Ref B) but I would go one step further. Since the film and all duping rights for same is, I believe, the property of Project Aquatone, I recommend for security control measures that all copies be brought physically into Project Headquarters from whence showings can be properly controlled.

2. The Project can then follow the procedures outlined in para. 2 of Ref A, with the further restriction that a selected representative from Project Headquarters would courier the film to and from the place of showing.
