[REDACTED]
On calling the Washington Office, I was sorry to hear you had already returned to New York. Unfortunately, I had no earlier opportunity to see you. I have kept your memorandum on your background and experience and hope we can have further discussion in the near future. If you are coming down here, please give me a little advance warning; if, by any chance, I am coming to New York, I will try to arrange to get together up there.

Very truly yours,

LS
