

3 January 1951

STATOTHR

Thank you for your letter of 29 December. I was sorry to learn of your decision when your wife arrived as I believe the Government and this Agency have a need for qualifications and talent such as yours. However, naturally it is your decision to make and I am sure you have made it only after careful consideration of all aspects.

I will, for the time being, ask the Personnel office to consider your application as suspended, but I hope it may be reopened in the future. If so, please let me know, and I should appreciate it if you would keep me informed on your final choice between New York and Denver.

Good luck in whichever one you finally choose.

Sincerely yours,

LAWRENCE R. HOUSTON
General Counsel
