

22 July 1953

STATOTHR

General Donovan has forwarded to me a memorandum from

25X1A

indicating that you might be interested in coming to Washington to work. I have written to General Donovan that if you happen to be in Washington I would be very glad to see you. I do not believe a special trip for this purpose is necessary at this time, and if you would rather write to me indicating your interest, I can arrange to have the appropriate forms and papers sent to you.

Very truly yours,

Lawrence R. Houston
General Counsel
