WHY VIRGINIANS LIKE IKE MORE THAN EVER

BECAUSE

It makes no sense at this critical time to replace the most respected leader in the world and a proven great President with a once rejected candidate of limited experience and no demonstrated capacity for world leadership.

BECAUSE

In four short years Eisenhower has cleaned up the Truman mess in Washington... has restored dignity to our highest office... has brought honesty, integrity and efficiency to our National Government. Ike has been the President of all the people. He has sought to unify Americans-not divide them into classes or special interest groups.

BECAUSE

The Eisenhower Administration has correctly understood and wisely dealt with the Communist menace both at home and abroad. The Korean War was promptly ended. Formosa was saved from the grasp of Red China. Ike's plan for mutual aid inspection, proposed at the Geneva Conference, won wide acclaim. Ike's "Atoms for Peace" program has given new hope to free peoples. Communist sympathizers have been driven from Washington. Red spies are no longer receiving assistance from soft-headed "liberals."

BECAUSE

Under President Eisenhower Americans are enjoying peace and unprecedented prosperity. Today 4 million more persons are employed than at the peak of the "Fair Deal" war economy in 1951. Our annual national production rate of over 8400 billion is at an all time high. Under Truman (1946-53) the cost of living rose 49%.

BECAUSE

The 1956 Democratic Platform again proclaims the left-wing spendthrift and divisive policies of Harry Truman. It calls for the largest giveaway program in history. It appeals to the special interests at the expense of the national interest. People the great period of labor peace and prosperity under Ike, it "unequivocally" seeks repeal of the Taft-Hartley Act and condemns states "right-to-work" laws like that of Virginia. It dishonestly calls for billions of new expenditures and at the same time promises tax reductions! It is a left-wing platform contrary to every principle dear to Virginia Democrats.

BECAUSE

Stevenson and Kefauver have shown a shocking irresponsibility for the safety of our nation. Promising an end to the draft - in spite of the critical world situation. Urging cessation of nuclear bomb tests by U.S. - while Russia is vigorously continuing its tests.

BECAUSE

The Stevenson-Kefauver ticket as three leaders of the National Democratic Party admitted prior to Chicago, is probably the worst combination that could have been chosen: Truman, commenting on Stevenson's lack of ability: "The U.S. has had three 'do-nothing' Presidents - Buchanan, Harrison and Coolidge. If we nominate and elect Stevenson, we will have a fourth..."

(Stevenson does not have) the experience and ability to act as President immediately upon assuming that office without risking a costly and a "no-go".

Kefauver, referring to Stevenson's lack of integrity: "I don't have one speech for New York and an entirely different speech for Florida. I won't hide what I mean behind eloquent phrases that have a fine sound, but have little substance..."

Truman, referring to the dreadful possibility of Kefauver's nomination: "I don't like to discuss it. He might be nominated and I might have to support him."

Stevenson, commenting on Kefauver's lack of character and incompetency: "Kef' is proving that he is unworthy of the Presidential nomination..."

"There may be such a thing as wanting to be President too badly. And that may be one of the reasons why none of Senator Kefauver's colleagues in the Senate have advised him, and in view of the Party leaders..."

BECAUSE

While the decision of the U.S. Supreme Court in the School Segregation Cases created momentous problems for Virginia and rest of the South, you as an intelligent voter must soberly ask yourself "Is it an issue in this presidential campaign?"

REMEMBER the School Cases were unanimously decided by a Supreme Court composed of eight appointees of Roosevelt and Truman—and one appointee of Eisenhower.

THE REAL QUESTION IS: Had you rather deal with these grave problems under President Eisenhower's honest, moderate and sympathetic leadership - OR would you prefer that these problems be "solved" for you by Stevenson, Kefauver, Truman and the radical "Americans for Democratic Action" who sponsor Stevenson's candidacy?

THESE CAN BE ONLY ONE ANSWER FROM INTELLIGENT VIRGINIANS WHO KNOW THE FACTS!

IN 1952 MANY THOUSANDS OF VIRGINIANS BELIEVED EISENHOWER WAS A GREAT LEADER—NOW THEY KNOW IT!

I opened the door and went in fast. I could see from the corner of my eye that Gruss had done as I told him.

Oderbruch, Henri and the two Russian officers were seated around the table which was spread with papers. Henri immediately pushed back his chair and moved like a cat away from the table.

"Henri," I said, "what about those accessories?"

He grinned and threw something. It came hurtling into my hands. It was a small, flat automatic.

"Do we give him one?" Henri asked, nodding toward Gruss.

"Yes," I said.

Another gun arched across the room and Gruss caught it. A

young lieutenant of the MVD who gets lost in the shuffle. I turned to Henri. "How did you turn up so opportunely?"

"It was nothing," he said with exaggerated modesty. With his left hand he whipped something from his pocket. "This morning's paper from West Berlin."

I could see the headlines: "Frenchman Takes New Drug to Reels"

"I got the message concerning the young man from Provence yesterday afternoon," Henri said "Right away I put on my old clothes and slipped over here. I went to see the one who had sent the message. He told me where you probably were and gave me all the information you had told him about Oderbruch's drugs. I went to West Berlin and applied my mind to the problem."

"I thought you looked a little strained," I said.

"—So last night, I got to the CIA office in Farley's office and I take some samples of a new drug which is supposed to make insanity. I think it is some drug that Oderbruch has. I take it with in my own office and take another little bottle which I fill with water. It is this which I have been coyly promising to turn over to Herr Doctor."

the eye dropper. It was almost full of the colorless liquid.

I poured water into a glass. Then I dropped a generous portion of the drug into the water.

"For you," I said.

"You put in at least a trip dose," he said weakly.

"I know," I said. "You're going to drink this now, Oderbruch. Then the four of us are going to walk down out of here and get to your car. We'll still shoot you if you try to give a warning, but not to kill. Only where it hurts you. With this big dose, lysergic acid diethylamide in you even if you get to the chlorpromazine you'll still have to go through
