

WASHINGTON STAR

20 July 1958

Senator Javits, Republican of  
New York: The President's action  
is an element of self-defense not  
only for Lebanon, but for the  
United States itself.

It is not easy to be free. Many  
people have suffered grave sacri-  
fices and lost treasure and blood  
in the defense of  
freedom.
