JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Thursday - 30 June 1960

50X1

3. (Unclassified - JSW) Talked with George Murphy who advised in view of the recess of Congress the scheduled briefing for 6 July was cancelled. Very possibly the Committee will request us for a briefing when they return in August but nothing is certain on this.

In addition, Murphy had taken up the question of including 145 c. in the amendments to the Atomic Energy Act with the must items submitted by AEC. Apparently no promises can be made on this and it was indicated that our representations were sufficient and that a letter would serve no purpose. ([redacted] notified to send cable to Director about cancellation of hearing.)
