

Chief, Intelligence Information Staff, ORR

15 October 1957

THRU : Chief, Industrial Division, ORR

Acting Chief, Electrical Equipment Branch, ORR

Request for Requirements, ORR 11919

1. This Office requests that the following information be obtained from the above referenced source:

a. All information available on the production, by types and quantities, of radio-relay communications systems and equipment, and related equipment and component parts.

^{25X6A}b. What portion, ^{25X6A}if any, of the microwave equipment produced in [redacted] is used in [redacted]. Is all of the remainder exported to the USSR?

^{25X6A}c. What progress has been made to date on the research and development of the 600-telephone channel microwave radio relay system at the [redacted] in [redacted]. What research problems have been encountered, if any? When is it expected that production of 600-channel equipment will begin?

^{25X6A}d. Identify, by type and manufacture, ^{25X6A}any point-to-point radio relay communications equipment in use in [redacted], and where located.

e. Any information on costs of the above mentioned equipment.

^{25X6A}f. Has there been any change ^{25X6A}in modification in the USSR 1956 order for microwave equipment from [redacted]

^{25X6A}g. In general, if any piece of equipment or component part produced at the [redacted] has a communications application, the information desired is its application, quantity produced, description and function, cost, distribution, and future production plans.
