MEMORANDUM FOR: Messrs: 

My tour of duty at CIA ends on October 15. I shall be in the State Department and on leave for a few weeks before sailing early in December to return to the Foreign Service as American Consul General at Bombay. Come out for a visit!

If I haven't seen you personally to say good-bye during the last couple of days, this is it! I wish you and yours in your Office the best of luck and I hope that CIA will go onwards and upwards --- "E Pluribus Unum"!! now that it has survived its birth pangs and growing pains. It has been most interesting for me working with you here and I am sorry that my accomplishments have been so slow and so meager. Gone are those days!?

Thank you for putting up with me and au revoir.
