30 July 1958

MEMORANDUM FOR: Special Assistant to the Director
for Planning and Development

SUBJECT : ELINT Peripheral Missions

1. For your information, I have learned from Colonel Macia this morning that he has received the papers which we sent him on memo of conversation with [] and the ELINT requirements.

50X1

2. He states that he is recommending to Walsh that AFCIN support those requirements. He cannot, of course, predict whether Walsh will accept his recommendation.

3. Also of interest is the fact that I have learned that General Schow takes no sides on who should collect but feels that we ought to get on with the ELINT collection outlined in the paper.

4. I have not yet been able to estimate the official Navy position if it were called for but my consultation with Navy specialists informally, as I noted the other day, portend complete agreement.
