CLEARANCES

Dear ██████████: 25X1A9a

EDAC Memo No. 35 (attached) requests all Working Groups of EDAC to provide the EDAC Executive Secretary with written notice of security clearance. Pursuant to our previous conversations on this subject, there is attached for ██████████, Chief, Security Division, a list of 25X1A9a (1) those CIA employees assigned to the EDAC Executive Committee and/or Working Groups, and (2) those IWG members on whom the Executive Secretary, IWG, holds security certifications, as indicated.

It is suggested that ██████████^{25X1A9a} be asked to transmit to the Executive Secretary, EDAC (Mr. Irving Kramer, Room 1217A, Maiatico Building) a memorandum, a draft of which is attached, certifying to the security clearance of the persons listed. It is believed that this will result in a saving of time and effort on the part of member agencies of IWG in furnishing to EDAC separate clearance statements on their respective IWG representatives. Your assistance, and that of ██████████, in this regard is appreciated. 25X1A9a
