Mr. Donald C. Hays
One Wall Street,
New York 5, N.Y.

Dear Don:

The clippings you enclosed of 17 July were passed on to those people who might find them of interest.

You asked whether anything official has happened in connection with the Holohan case. I am not aware that any official steps are being taken at this time.

As you can imagine things are buzzing here in Washington, I hope that all is well with you.

Sincerely,

John S. Warner

Dear John:

The enclosed might be of some interest to you
at least to stick in your files.

Has anything official happened in connection with
the Holohan case? I read the accusations in the Italian
newspapers and have talked to Holohan's brother but I did
not know if anything official was going to be done.

I suppose Washington is as hot as ever. We have
been freezing to death, that is almost freezing to death in
New York the last week end.

My best to Larry and everyone else I know.

Sincerely yours,
