CONGRESSIONAL RECORD — HOUSE

8661

Mr. McCORMACK. That we can get through pleasantly.

Mr. HOFFMAN of Michigan. I am sure we can. I will try to restrain myself this afternoon. May I ask whether the bill introduced today to end this strike which is causing so much discomfort in this city will be given consideration? Is there any prospect of getting that legislation before the House?

Mr. McCORMACK. The gentleman from Michigan is a much better parliamentarian than I.

Mr. HOFFMAN of Michigan. My, my, my, Mr. Speaker, I want those words taken down. The statement is not accurate.

The SPEAKER. The gentleman from Massachusetts asks unanimous consent that when the House adjourns today it adjourn to meet on Monday next. Is there objection?

There was no objection.

INTERIM AUTHORITY TO THE SPEAKER AND THE CLERK

Mr. McCORMACK. Mr. Speaker, I ask unanimous consent that notwithstanding the adjournment of the House until Monday next, the Clerk be authorized to receive messages from the Senate and that the Speaker be authorized to sign any enrolled bills and joint resolutions duly passed by the two Houses and found truly enrolled.

The SPEAKER. Is there objection to the request of the gentleman from Massachusetts?

There was no objection.

"Sec. 305. Classified location: The authority granted by section 302, of the Act of July 14, 1952, may be utilized to the extent of \$8,127,400 for the direct construction of family housing.

"TITLE IV

"Sec. 401. The Director of Central Intelligence is authorized to provide for a headquarters installation for the Central Intelligence Agency, in the District of Columbia or elsewhere, by the acquisition of land at a cost of not to exceed \$1,000,000, and construction of buildings, facilities, appurtenances, utilities, and access roads at a cost of not to exceed \$54,500,000, of which not more than \$8,500,000 shall be available for transfer to the National Capital Planning Commission and the Department of the Interior for acquisition of land for and construction to extend the George Washington Memorial Parkway to the present site of the research station of the Bureau of Public Roads at Langley, Fairfax County, Virginia: *Provided*, That at such time as it is determined that construction of such headquarters installation at said research station will not be commenced or continued, said amount of \$8,500,000, or the remainder thereof, shall no longer be available for obligation: *Provided further*, That at such time as the Central Intelligence Agency occupies the headquarters installation authorized by this title, the Administrator of General Services is authorized and directed to accomplish the demolition and removal of temporary Government building space in the District of Columbia of equivalent occupancy to that relinquished by the Central Intelligence Agency.

"TITLE V

"General provisions

"Sec. 501. The Secretaries of the Army, Navy, and Air Force are respectively authorized to proceed with the establishment or development of military and naval installations and facilities as authorized by titles I, II, and III of this Act, and the Director of

Central Intelligence is authorized to proceed with the establishment of a Central Intelligence Agency Headquarters Installation as authorized by title IV of this Act, without regard to the provisions of sections 1136, 3648, and 3734, as respectively amended, of the Revised Statutes, and prior to approval of title to underlying land, as provided by section 355, as amended, of the Revised Statutes. The authority under this Act of the Secretary of a military department to provide family housing includes authority to acquire such land as the Secretary concerned determines, with the approval of the Secretary of Defense, to be necessary in connection therewith. The authority to establish or develop such installations and facilities shall include, in respect of those installations and facilities as to which family housing or the acquisition of land is specified in titles I, II, and III, and IV of this Act, authority to make surveys and to acquire lands and rights and interests thereto or therein, including the temporary use thereof, by donation, purchase, exchange of Government-owned lands, or otherwise, and to place permanent or temporary improvements thereon whether such lands are held in fee or under lease or under other temporary tenure.

"Sec. 502. There are hereby authorized to be appropriated such sums of money as may be necessary to accomplish the purposes of this Act, but not to exceed—

"(1) for public works authorized by title I: Inside continental United States, \$224,927,000; outside continental United States, \$74,984,000; section 102, \$223,993,000; section 103, \$10,000,000; or a total of \$533,904,000;

"(2) for public works authorized by title II: Inside continental United States, \$299,690,600; outside continental United States, \$107,191,300; section 202, \$151,342,400; section 203, \$6,000,000; or a total of \$564,224,300;

"(3) for public works authorized by title III: Inside continental United States, \$743,989,000; outside continental United States, \$458,563,000; section 302, \$5,000,000; section 303, \$350,000; or a total of \$1,207,902,000; and

"(4) for public works authorized by title IV: \$54,500,000.

"Sec. 503. Any of the approximate costs enumerated in titles I, II, and III of this Act may, in the discretion of the Secretary concerned, be varied upward by 5 per centum in the case of projects within the continental United States, and 10 per centum in the case of projects outside the continental United States, but the total cost of all projects so enumerated under each of such titles shall not exceed the total of all amounts specified in respect of projects in such title.

"Sec. 504. Appropriations made to carry out the purposes of this Act shall be available for expenses incident to construction, including surveys, administration, overhead, planning, and supervision.

"Sec. 505. Whenever—

"(a) the President determines that compliance with the requirements of Public Law 245, Eighty-second Congress, in the case of contracts made pursuant to this Act with respect to the establishment or development of military installations and facilities in foreign countries would interfere with the carrying out of the provisions of this Act; and

"(b) the Secretary of Defense and the Comptroller General have agreed upon alternative methods for conducting an adequate audit of such contracts, the President is authorized to exempt such contracts from the requirements of Public Law 245, Eighty-second Congress.

"Sec. 506. All contracts entered into by the United States pursuant to the authorization contained in this Act shall be awarded, so far as practicable, if the interest of the national security shall not be impaired thereby and if such award is consistent with the provision of the Armed Services Procurement

Act of 1947, on a competitive basis to the lowest responsible bidder.

"Sec. 507. Section 407 of Public Law 765, Eighty-third Congress, is amended to read as follows:

"Sec. 407. In addition to family housing otherwise authorized to be constructed or acquired by the Department of Defense, the Secretary of Defense is authorized, subject to the approval of the Director of the Bureau of the Budget, to construct, or acquire by lease or otherwise, family housing for occupancy as public quarters in foreign countries through housing projects which utilize foreign currencies to a value not in excess of \$1,000,000,000 acquired pursuant to the provisions of the Agricultural Trade Development and Assistance Act of 1954 (Public Law 480, Eighty-third Congress) or through other commodity transactions of the Commodity Credit Corporation.

"The Department of Defense shall pay the Commodity Credit Corporation, from appropriations otherwise available for the payment of quarters allowances for military personnel for the fiscal year 1956 and each succeeding fiscal year, amounts equal to the quarters allowances otherwise payable to personnel occupying any housing constructed or acquired under authority of this section after deducting amounts chargeable for the maintenance and operation of such housing: *Provided*, That such payments shall not exceed the dollar equivalent of the value of the foreign currencies used for all such construction or acquisition.

"The Secretary of Defense shall furnish to the Committees on Armed Services of the Senate and the House of Representatives quarterly reports, the first of which shall be submitted three months subsequent to the date of enactment of this Act, setting forth the cost, number, and location of housing units constructed or acquired pursuant to the authority contained in this section during the three-month period preceding the date of such report, and setting forth the cost, number, and location of the housing units intended to be constructed or acquired pursuant to such authority during the next succeeding quarter."

"Sec. 508. All housing units constructed under the authority of this Act shall be subject to the net floor area permanent limitations prescribed in the second, third, and fourth provisos of section 3 of the Act of June 12, 1948 (62 Stat. 375), or in section 3 of the Act of June 16, 1948 (62 Stat. 459), other than the first, second, and third provisos thereof.

"Sec. 509. The Secretaries of the Army, Navy, and Air Force are respectively authorized to acquire by purchase housing units which are located near military installations, which are adequate and suitable for housing military personnel and their dependents, and as to which a mortgage is insured by the Federal Housing Commissioner pursuant to title VI or title IX of the National Housing Act, subject to the outstanding mortgage thereon, and to assume the payments thereafter becoming due on such mortgage. The Secretary of the military department concerned may utilize appropriations available for the construction of military public works for the liquidation of any outstanding mortgage assumed by the Government.

"Sec. 510. None of the authority contained in titles I, II, and III of this Act shall be deemed to authorize any building construction project within the continental United States at a unit cost in excess of—

"(a) \$20 per square foot for cold-storage warehousing;

"(b) \$6 per square foot for regular warehousing;

"(c) \$1,700 per man for permanent barracks;

"(d) \$1,400 per man for ten-year-life barracks; or

"(e) \$5,000 per man for bachelor officer quarters,

unless the Secretary of Defense determines that, because of special circumstances, application to such project of the limitation on unit costs contained in this section is impracticable.

"Sec. 511. As of July 1, 1956, all authorizations for military public works projects to be accomplished by the Secretary of a military department in connection with the establishment or development of military, naval, or Air Force installations and facilities, and all authorizations for appropriations therefor, that are contained in Acts approved prior to October 1, 1951, and not superseded or otherwise modified by a later authorization are repealed, except (1) authorizations for public works and for appropriations therefor that are set forth in such acts in the titles that contain the general provisions, (2) authorizations for military public works projects as to which appropriated funds shall have been obligated in whole or in part prior to July 1, 1956, and authorizations for appropriations therefor, and (3) the authorizations with respect to military public works and the appropriation of funds that are contained in the National Defense Facilities Act of 1950 (64 Stat. 829).

"Sec. 512. Section 504 of Public Law 155, Eighty-second Congress, is amended to read as follows:

"Sec. 504. There are hereby authorized to be appropriated, without fiscal year limitation, funds for advance planning, construction design, and architectural services in connection with public works projects which are not otherwise authorized by law."

"Sec. 513. (a) The first sentence of section 501 (b) of the Act entitled 'An Act to authorize certain construction at military and naval installations, and for other purposes', approved September 28, 1951 (65 Stat. 36), is amended by striking out 'used by such owners and tenants for residential or agricultural purposes,'"

"(b) The first sentence of section 401 (b) of the Act entitled 'An Act to authorize certain construction at military and naval installations, and for other purposes', approved July 14, 1952 (66 Stat. 606), is amended by striking out 'used by such owner and tenants for residential or agricultural purposes,'"

"Sec. 514. None of the authorization contained in section 101 of this Act for the construction of three-hundred-and-twenty-six-man barracks with mess shall be used to provide, with respect to any such barracks, for mess facilities other than a single, consolidated mess.

"Sec. 515. During the fiscal years 1956 and 1957 the Secretaries of the Army, Navy, and Air Force, respectively, are authorized to lease housing facilities at or near military tactical installations for assignment as public quarters to military personnel and their dependents without rental charge upon a determination by the Secretary of Defense or his designee that there is a lack of adequate housing facilities at or near such military tactical installations: *Provided*, That not more than one thousand housing units may be so leased and the rental cost to the Government for any housing unit may not exceed \$150 per month."

And the Senate agree to the same.

STATEMENT

The managers on the part of the House at the conference on the disagreeing votes of

the two Houses on the amendment of the Senate to the bill (H. R. 6829) to authorize certain construction at military and naval installations and for the Central Intelligence Agency, and for other purposes, submit the following statement in explanation of the effect of the action agreed upon by the conferees and recommended in the accompanying conference report:

LEGISLATION IN CONFERENCE

On June 27, 1955, the House of Representatives passed H. R. 6829, which was the fiscal year 1956 military construction authorization for the three military departments and the Central Intelligence Agency. On July 1, 1955, the Senate considered the House bill and amended it by striking all language after the enacting clause and inserting its own language.

The larger differences and the action agreed upon by the conferees are as follows:

In title I, the Army section of the bill, the House had permitted both dredging and land acquisition for the West Coast Ammunition Terminal in California, while the Senate version permitted only the acquisition of the land necessary for this installation. On the basis that the performance of the dredging at this time is not essential, the House receded.

During its consideration of the bill as submitted by the Department, the House inserted authority for the construction of a hospital at Camp Jackson, South Carolina at a cost of \$8,000,000. The conferees agreed that this item should remain, but at the reduced figure of \$5,000,000. The Senate therefore receded with an amendment.

In title II, the Navy title, the Senate inserted at the Naval Shipyard, Puget Sound, Bremerton, Wash., authorization in the amount of \$2,000,000 to prepare plans and specifications for a new drydock which would be capable of repairing carriers of the *Forrestal*-type which had suffered battle damage. The House conferees considered this a desirable item and receded.

The three units of family housing for Deputy Chiefs of Naval Operations which had been permitted to remain in the bill by the House were stricken by the Senate. The conferees agreed that this item should remain and the Senate therefore receded.

At the Marine Corps Base, Camp Pendleton, California, the House had stricken all construction authority except that relating to the provision of some water wells and a telephone system. The Senate permitted all of the construction requested by the Department which totaled \$6,746,000. The conferees agreed that in view of the unsettled situation with respect to the water supply in that area, the House action should prevail and the Senate therefore receded. This last action occasioned several other changes in the bill since the family housing which had been originally requested for Camp Pendleton had been spread over several installations by the House. It was agreed by the conferees that all of this housing should be stricken from the bill and the House receded. The land acquisition for the Naval Air Station, Norfolk, Virginia, had been permitted by the House but had been stricken by the Senate. In this instance the House receded.

On the basis of a long felt need the House had inserted in the bill provision for an air facility for the Naval Academy. This item did not appear in the Senate version. While agreeing that a facility of this kind at the Naval Academy is desirable, the conferees agreed that action toward its authorization should await further study on the part of the Navy Department and the House receded. The hope was expressed, however, that the Department would not delay its consideration of this matter, but should be ready to present its views in this respect when next there is submitted to the Congress a military public works bill.

At the Marine Corps schools, Quantico, Va., the Senate reduced the authorization in the amount of \$500,000. This reduction related to the construction of a trunk highway. The House on the other hand had added \$432,000 to the original request to provide an increase in the proposed size of a dispensary. The conferees agreed with the Senate action with respect to the highway and also with respect to the House action relating to the dispensary.

As passed by the House the bill precluded the acquisition of land at the Naval Magazine, Fort Chicago, Calif. The Senate version would have permitted the land to be acquired. The conferees agreed that authority should not be granted for the acquisition of this land, particularly in view of the fact that a subcommittee of the House Armed Services Committee will shortly make an investigation of the land requirements for this facility and the possible combination of it with the previously mentioned West Coast Ammunition Terminal which is in the same area. It is not impossible that the Subcommittee's investigation will disclose that a unified operation between the Army and the Navy will be feasible from an operational standpoint and result in substantial economies.

The Board of Visitors to the Naval Academy this year recommended the construction of the air facility above mentioned and also the expansion of Bancroft Hall to provide needed quarters for midshipmen and expansion of the land area through fill from the Severn River. For the same reason noted above with respect to the air facility at the Naval Academy the House receded with respect to the Bancroft Hall and fill items which it had inserted in the bill.

In the Air Force title authorization for construction at the Portland International Airport, Portland, Oreg., was stricken by the House, while the Senate permitted it to remain in the bill. The House receded.

Certain classified construction totaling \$14,196,000 at various locations was inserted by the Senate at the request of the Department of the Air Force and with the approval of the Bureau of the Budget. This item had not been presented to the House Committee during its consideration of the bill for the reason that it had not progressed at that time to a point appropriate for request by the Department. The conferees agreed that this involved essential construction and the House receded.

During its appearance before the House committee the Air Force made strong representations that the headquarters of the Air Research and Development Command should be moved to Wright-Patterson Air Force Base, Dayton, Ohio. On the basis of the testimony received, the House passed the bill with an authorization for the expenditure of \$6,000,000 to provide a Headquarters building at Wright-Patterson Air Force Base. The Senate, however, deleted this particular construction item from the Wright-Patterson authorization and inserted authorization for the construction of such a building at a "location to be determined." On the basis of the fact that this direly needed Headquarters will be provided under either version of the bill, the House receded.

Subsequent to passage of the bill by the House it was determined that there should be an increase in the B-52 production. This naturally required the provision of facilities to accommodate these additional bombers. The Senate therefore inserted additional authorization in the amount of \$27,349,000 at several bases within the Strategic Air Command. The House receded with respect to each of these additions.

The Senate receded with respect to that section of the Air Force title of the bill which renders certain the authorization to construct family housing in the amount of \$8,127,400 at a classified location.

It was the view of the House committee during its consideration of the bill that suitable quarters should be provided for the Chairman of the Joint Chiefs of Staff and certain of his immediate assistants. It therefore inserted a new title in the bill which would have provided such quarters and protected communication facilities at a cost of \$300,000. The Senate version of the bill contained no such provision. While there was no disagreement among the conferees that the Chairman of the Joint Chiefs of Staff should be provided quarters commensurate with his position, duties, and responsibilities, it was agreed that the House language should be stricken, and the House therefore receded. The conferees agreed, however, that an immediate study should be initiated by the Department of Defense directed toward the determination of an appropriate location for such quarters and all of the details in connection with it in order that an appropriate item can be presented to the Congress in the near future.

The House version of the bill contained an authorization for \$50,000,000 for the construction of a headquarters for the Central Intelligence Agency and also an additional \$6,000,000 authority for the acquisition of the land necessary therefor. The Senate modified the language of the House to the extent that it provided for the acquisition of land at a cost not to exceed \$1,000,000, and construction of buildings, roads, etc., at a cost not to exceed \$53,500,000 of which latter sum not more than \$8,500,000 would be available for transfer to the National Capital Planning Commission and the Department of the Interior for acquisition of land and for construction to extend the George Washington Memorial Parkway to the present site of the Research Station of the Bureau of Public Roads at Langley, Fairfax County, Virginia. The conferees agreed on the Senate language, but raised the total authorized amount by \$1,000,000.

The House language relating to the provision of housing in foreign countries through the use of foreign currencies generated under the Agricultural Trade Development and Assistance Act of 1954 was modified by the Senate to permit repayment to the Commodity Credit Corporation by the use of appropriations available for the payment of quarters allowances, the House version having provided for such repayment to be made from appropriations available for the construction of military public works. The House receded.

The conferees agreed to strike the House language which would have authorized the acquisition of Wherry Housing projects under certain conditions. That portion of the House language, however, relating to Title VI and Title IX housing remains in the bill.

The House accepted the Senate language relating to cost limitations for cold storage warehousing, regular warehousing, barracks, and bachelor officer quarters.

The Abernethy amendment was originally designed to assist persons dislocated because of certain federal acquisitions of real estate. This law was directed toward those most seriously affected by such acquisitions, that is, persons who had used their property for residential or agricultural purposes. A subsequent amendment of the law rendered this original concept certain by the provision of appropriate clarifying language. In this bill the Senate inserted language which would strike from the law as amended the following language: "used by such owners and tenants for residential or agricultural purposes." The House receded.

The conferees agreed to strike that language inserted by the Senate which would have required the Secretary of each military department or his designee to come into agreement with the Committees on Armed Services of the Senate and House with respect to the cost of construction and the real-estate

tate actions pertaining thereto involved in certain authorizations granted by this bill. The Senate therefore receded. It should be pointed out that the striking of this language in no way affects title VI of Public Law 155 of the 82d Congress relating to coming into agreement with the Armed Services Committee with respect to certain real-estate actions.

The Senate inserted a provision in the bill which provided that none of the authorization contained in Section 101 of the bill for the construction of 326-man barracks with mess should be used to provide, with respect to such barracks, mess facilities other than a single consolidated mess. The House receded. The Senate version of the bill provided authorization to lease family housing facilities in the vicinity of tactical installations for assignment as public quarters to military personnel and their dependents upon the making of an appropriate determination by the Secretary of Defense or his designee that there is a lack of adequate housing in the area of such an installation. The language also provides that not more than 1,000 units may be so leased, and that the rental for any unit may not exceed \$150 per month. The conferees agreed to permit this language to remain in the bill.

The bill as it passed the House contained the authorization of \$2,368,998,900. The bill as it passed the Senate contained an authorization of \$2,357,317,300. The bill agreed upon by the conference contains an authorization in the amount of \$2,360,530,300. The conference amount is \$3,468,600 less than the House passage, and is \$3,213,000 more than the Senate passage.

CARL VINSON,
PAUL J. KILDAY,
OVERTON BROOKS,
DEWEY SHORT,
L. C. ARENDS,

Managers on the Part of the House.

Mr. VINSON. Mr. Speaker, pursuant to unanimous consent previously granted, I call up the conference report on the bill H. R. 6829, and ask unanimous consent that the statement of the managers on the part of the House be read in lieu of the report.

The SPEAKER. Is there objection to the request of the gentleman from Georgia?

There was no objection.

The Clerk read the statement.

Mr. VINSON. Mr. Speaker, I yield myself 5 minutes to explain the conference report, and I should be glad to yield to any Member for any questions they may wish to ask.

Mr. Speaker, this is the report of your conferees on what is known as the public works bill. When the bill passed the House we authorized \$2,368,998,900. When the bill passed the Senate it authorized \$2,357,317,000. There is a difference on the part of the House of \$8,468,000 and \$3,213,000 on the part of the Senate.

There are some 400 items involved in this report. This is the public works bill for the Army, the Navy, and the Air Force. It is a unanimous report filed by the conferees, an agreed conference, and I am satisfied when you examine the items as will appear in the RECORD you will conclude that the conferees did a good job.

Mr. GROSS. Mr. Speaker, will the gentleman yield?

Mr. VINSON. I yield to the gentleman from Iowa.

Mr. GROSS. Is this \$8½ million less than the authorization on the part of the House?

Mr. VINSON. Let me give the gentleman the figures, and I think these figures are highly important because it does involve a large amount of money. When the bill passed the House it authorized \$2,368,998,900. When it passed the Senate it authorized \$2,357,317,000. The bill agreed to by the conferees contains an authorization in an amount of \$2,360,530,300. The amount in the conference report is \$8,468,600 less than the amount in the bill as it passed the House, and an increase on the part of the Senate of \$3,253,000.

Mr. GROSS. Mr. Speaker, will the gentleman yield further?

Mr. VINSON. I yield.

Mr. GROSS. When the bill was previously before the House, I neglected to ask the gentleman the question as to what those housing units out at the Naval Observatory grounds are going to cost.

Mr. VINSON. Much to our disappointment, the Senate would not go along with the House, and that item was stricken out.

Mr. GROSS. Well, that makes it a little more palatable.

Mr. REUSS. Mr. Speaker, will the gentleman yield?

Mr. VINSON. I yield to the gentleman from Wisconsin.

Mr. REUSS. Can the gentleman enlighten me on this? Section 401 authorizes an additional \$8.5 million for a highway to Langley, Va., if the Central Intelligence Agency should choose that site for a headquarters office. Does this section mean that Congress necessarily favors the Langley site for the CIA and is committed to appropriating the necessary funds?

Mr. VINSON. I would not say that the language is such that it would be mandatory on the part of Mr. Dulles to construct the Central Intelligence Agency headquarters on that site. But, I do think, if you read between the lines, you will see that at least the House conferees looked with favor on that area. Whether it is in that particular section or not I am unable to say.

Mr. REUSS. I thank the gentleman.

(Mr. PELLY asked and was given permission to extend his remarks at this point in the RECORD.)

Mr. PELLY. Mr. Speaker, I should not want this occasion to pass without mention of one item in this conference report. I refer to the acceptance by the House conferees of a \$2 million item put in this bill in the other body for the design and planning of a needed new drydock at the Puget Sound Naval Shipyard at Bremerton, Wash.

I do want to express gratification that the House conferees accepted this important item. In particular I am indebted to our great colleague from Missouri [Mr. SHORT]. His personal interest in my behalf in the inclusion of a design fund for a new drydock in this military facilities legislation, is greatly appreciated.

Certainly we must have a drydock on the west coast where any battle damage

and work of that nature on the outside of the hull of a *Forrestal*-class aircraft carrier could be done. The Naval Shipyard at Bremerton is a carrier repair shipyard. Since the new 60,000-ton aircraft carriers cannot go through the Panama Canal in the event of war the west coast must have new, wider drydocks.

The interesting feature of the new drydock is that it will be built out into the water rather than dug out of existing land. Actually, I understand the project will result in 28 acres of new filled land being added to the Navy Yard where space is short. The value of these 28 acres, at waterfront prices in this area, will go a long way toward offsetting the \$28 million cost of the drydock.

For a long time I have felt the need of a larger drydock at the Bremerton Yard, and its urgency. I am certainly happy that this urgency has been recognized.

Mr. VINSON. Mr. Speaker, I ask unanimous consent that all Members may have permission to extend their remarks at this point in the RECORD.

The SPEAKER. Is there objection to the request of the gentleman from Georgia?

There was no objection.

Mr. VINSON. Mr. Speaker, I yield 3 minutes to the gentleman from Pennsylvania [Mr. GAVIN].

Mr. GAVIN. Mr. Speaker, I think it is fitting and proper at this time to say a word about the chairman of the great Committee on Armed Services. I have heard many tributes paid to the chairmen of other committees, so I think that a word of commendation can be said about my very good and able friend, the gentleman from Georgia, Mr. CARL VINSON, who is chairman of the committee on which I serve—a man I have known and respected for many years. A man with whom I have frequently disagreed, but with whom I have always felt a strong bond of friendship and the deepest and most sincere respect. Accolades from one side of the aisle to the other are not too common on the floor of this House, notwithstanding our affection and realization of the ability of the gentlemen on the other side of the aisle. CARL VINSON, in his public career, has transcended the boundary marked by this aisle. He is a great American, a great chairman, a great legislator, and there are no political boundaries for one with these qualities.

Mr. VINSON has been known affectionately as "the Admiral." I call him "Admiral," "General," or any other term which will in some way reflect the leadership in military matters that were the purpose and reason for the tribute paid him on June 9 at the Marine Barracks here in Washington.

The traditions of the Marine Corps need no telling. But their traditions are only the guideposts for the kind of devotion and the all-permeating interest which Chairman VINSON has had toward all things military.

So, Mr. Speaker, I commend to you Admiral VINSON, General VINSON, Chairman VINSON—a great man, a great American, and one richly deserving of the fine tribute paid him by the Marine Corps on June 9.

Mr. VINSON. Mr. Speaker, let me say to the distinguished gentleman from Pennsylvania [Mr. GAVIN] that I feel most grateful for his very kind and complimentary remarks.

Mr. Speaker, I move the previous question.

The previous question was ordered.

The SPEAKER. The question is on the conference report.

The conference report was agreed to; and a motion to reconsider was laid on the table.

TENNESSEE C. BATTS

Mr. LANE. Mr. Speaker, I ask unanimous consent to take from the Speaker's desk the bill (H. R. 2769) for the relief of Tennessee C. Batts, together with a Senate amendment thereto, and concur in the Senate amendment.

The Clerk read the title of the bill.

The Clerk read the Senate amendment, as follows:

Page 2, line 10, after "refund", insert "Provided, That no part of the amount appropriated in this act shall be paid or delivered to or received by any agent or attorney on account of services rendered in connection with this claim, and the same shall be unlawful, any contract to the contrary notwithstanding. Any person violating the provisions of this act shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not exceeding \$1,000."

The SPEAKER. Is there objection to the request of the gentleman from Massachusetts?

Mr. MARTIN. Mr. Speaker, reserving the right to object—and I am not going to object—I understand that this and several other bills the gentleman will offer, have been approved by the ranking Republican member of the subcommittee [Mr. MILLER] of New York?

Mr. LANE. That is correct.

Mr. MARTIN. I withdraw my reservation of objection, Mr. Speaker.

The SPEAKER. Is there objection to the request of the gentleman from Massachusetts?

There was no objection.

The Senate amendment was concurred in; and a motion to reconsider was laid on the table.

RODOLFO C. DELGADO, JESUS M. LAGUA, AND VICENTE D. REYNANTE

Mr. LANE. Mr. Speaker, I ask unanimous consent to take from the Speaker's desk the bill (H. R. 3363) for the relief of Rodolfo C. Delgado, Jesus M. Lagua, and Vicente D. Reynante, together with a Senate amendment thereto, and concur in the Senate amendment.

The Clerk read the title of the bill.

The Clerk read the Senate amendment, as follows:

Page 2, line 7, strike out "in excess of 10 per centum of any claim."

The SPEAKER. Is there objection to the request of the gentleman from Massachusetts?

There was no objection.

The Senate amendment was concurred in; and a motion to reconsider was laid on the table.

FREDERICK F. GASKIN

Mr. LANE. Mr. Speaker, I ask unanimous consent to take from the Speaker's desk the bill (H. R. 1692) for the relief of Frederick F. Gaskin, together with a Senate amendment thereto, and concur in the Senate amendment.

The Clerk read the title of the bill.

The Clerk read the Senate amendment, as follows:

Page 1, line 11, strike out "in excess of 10 percent thereof."

The SPEAKER. Is there objection to the request of the gentleman from Massachusetts?

There was no objection.

The Senate amendment was concurred in; and a motion to reconsider was laid on the table.

PAUL E. MILWARD

Mr. LANE. Mr. Speaker, I ask unanimous consent to take from the Speaker's desk the bill (H. R. 1745) for the relief of Paul E. Milward, together with a Senate amendment thereto, and concur in the Senate amendment.

The Clerk read the title of the bill.

The Clerk read the Senate amendment, as follows:

Page 1, strike out all after line 10 over to and including line 7 on page 2 and insert "That Paul E. Milward executes a release of the judgment entered in the case of Paul Milward against Peter C. Penta, No. 175385, in the municipal court of the city of Boston, on or about January 6, 1953: And provided further, That no part of the amount appropriated in this act in excess of 10 percent thereof shall be paid or delivered to or received by any agent or attorney on account of services rendered in connection with this claim, and the same shall be unlawful, any contract to the contrary notwithstanding. Any persons violating the provisions of this act shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not exceeding \$1,000."

The SPEAKER. Is there objection to the request of the gentleman from Massachusetts?

There was no objection.

The Senate amendment was concurred in; and a motion to reconsider was laid on the table.

UTICA BREWING CO.

Mr. LANE. Mr. Speaker, I ask unanimous consent to take from the Speaker's desk the bill (H. R. 1747) for the relief of the Utica Brewing Co., together with a Senate amendment thereto, and concur in the Senate amendment.

The Clerk read the title of the bill.

The Clerk read the Senate amendment, as follows:

Page 2, lines 9 and 10, strike out "in excess of 10 percent thereof."

The SPEAKER. Is there objection to the request of the gentleman from Massachusetts?

There was no objection.

The Senate amendment was concurred in; and a motion to reconsider was laid on the table.

HIGHWAY CONSTRUCTION COMPANY OF OHIO, INC.

Mr. LANE. Mr. Speaker, I ask unanimous consent to take from the Speaker's desk the bill (H. R. 4182) for the relief of the Highway Construction Company of Ohio, Inc., with a Senate amendment thereto, and concur in the Senate amendment.

The Clerk read the title of the bill.

The Clerk read the Senate amendment, as follows:

Page 1, line 10, strike out all after "amended" over to and including line 4, on page 2, and insert "Provided, That in making such determination of the excessive profits of the Highway Construction Co., the Tax Court of the United States may take into consideration the affiliation of that company with any other company, but the findings of such court shall be limited to determining only the amount, if any, of the excessive profits of the Highway Construction Co. and such court shall have no authority under this act to determine the amount, if any, of the excessive profits of any company affiliated with such Highway Construction Co.: Provided further, That the Tax Court shall have jurisdiction to determine the excessive profits of the Highway Construction Co. under this act only if such company files a petition with such court for redetermination within 90 days (not counting Sunday or a legal holiday in the District of Columbia as the last day) after the date of enactment of this act."

The SPEAKER. Is there objection to the request of the gentleman from Massachusetts?

There was no objection.

The Senate amendment was concurred in; and a motion to reconsider was laid on the table.

AMENDMENT OF CAREER COMPENSATION ACT OF 1949

Mr. VINSON. Mr. Speaker, I ask unanimous consent for the immediate consideration of the concurrent resolution (S. Con. Res. 46) providing for the enrollment, with changes, of S. 804, a bill to amend section 201 (e) of the Career Compensation Act of 1949, as amended, and so forth.

The Clerk read the concurrent resolution, as follows:

Resolved by the Senate (the House of Representatives concurring). That the Secretary of the Senate be, and he is hereby, authorized and directed, in the enrollment of the bill (S. 804) to amend section 201 (e) of the Career Compensation Act of 1949, as amended, to provide for advance payments of certain pay and allowances of members of the uniformed services, and for other purposes, to make the following changes, viz: On page 1, line 5, and in the first line of the title, respectively, of the engrossed bill, strike out "(e)" and in lieu thereof insert "(d)."

The concurrent resolution was concurred in; and a motion to reconsider was laid on the table.

SPECIAL ORDERS GRANTED

Mr. HOFFMAN of Michigan asked and was given permission to address the House for 10 minutes today, following any special orders heretofore entered, and to revise and extend his remarks.

Mr. DODD asked and was given permission to address the House for 20 minutes on Monday next, following the legislative program and any special orders heretofore entered.

MISUSE OF DUCK STAMP MONEY

(Mr. JOHNSON of Wisconsin asked and was given permission to extend his remarks at this point in the Record and include extraneous matter.)

Mr. JOHNSON of Wisconsin. Mr. Speaker, on May 27 of this year, I addressed the House with reference to the duck-stamp situation in support of my bill, H. R. 2142. Since that time, many conservationists from all sections of the United States have written to me indicating that this legislation is of national interest rather than limited in scope. Recently I received some correspondence from Mr. Seth Gordon, director of the California Department of Fish and Game. I have been fortunate in obtaining a statement Mr. Gordon delivered before the House Committee on Interior and Insular Affairs on June 28 and 29, 1954. There is much information contained in Mr. Gordon's statement which should be of interest to conservationists. Under leave to extend my remarks, I wish to commend this excellent statement to my colleagues:

STATEMENT TO HOUSE COMMITTEE ON INTERIOR AND INSULAR AFFAIRS OF THE UNITED STATES CONGRESS RELATIVE TO MISUSE OF DUCK-STAMP MONEY BY SETH GORDON, SACRAMENTO, CALIF., JUNE 28-29, 1954

Mr. Chairman and gentlemen of the committee, my name is Seth Gordon, and at present am the director of the California Department of Fish and Game, with offices in Sacramento.

By way of further identification, it was my privilege to be numbered among the early promoters of the duck-stamp law. Later as the conservation director of the Izaak Walton League, Chicago, then as president of the American Game Association, with headquarters here in Washington, I had a material part in the campaign for the enactment of the law establishing the national refuge system, the duck-stamp law to provide funds to finance it, and other important national legislation dealing with the general conservation problem.

DR. NELSON'S WARNING IN 1919

The basis for the legislation under which funds are now being contributed by 2,350,000 sportsmen from one end of the country to another, through the purchase of duck stamps, had its beginning back in February 1919 when the late Dr. E. W. Nelson, one of the Nation's foremost scientists, then Chief of the United States Biological Survey, while addressing a national conference on game and wildlife conservation at Ottawa, Canada, called attention to the fact that—

"Continued transformation on a large scale of marshy lands into farms in the Western United States and Canada is decreasing the resting places and feeding grounds of migratory wildfowl, and constitutes one of the most serious dangers to the future of these birds. If a sufficient number of sanctuaries are not supplied, and if the drainage and devotion to agricultural and other purposes of the marshy areas continue, migratory waterfowl will diminish despite every effort along other lines to conserve them."

That same year Dr. Nelson also discussed the entire problem with the game and fish
